MEMORANDUM

TO: GOVERNOR ASA HUTCHINSON

FROM: CINDY GILLESPIE, SECRETARY

DEPARTMENT OF HUMAN SERVICES

DATE: ____ JANUARY 31, 2022

SUBJ: SFY 2021 DHS STATISTICAL REPORT

In compliance with Act 414, Section 24 of 1961, we are pleased to submit the Arkansas Department of Human Services Annual Statistical Report for State Fiscal Year 2021 on the DHS main website at:

https://humanservices.arkansas.gov/resources/reports/statistical-reports

This report is a comprehensive statistical analysis of the Department's social programs and services that were provided to the citizens of Arkansas for State Fiscal Year 2021.

Also, the SFY 2021 highlights for each division are included in the report.

CG:lj

Arkansas Department of Human Services 2021 Statistical Report Summary Year at a Glance

Division of Aging and Adult Services and Behavior Health Services

- Served 27,676 congregate meals to 3,102 clients. (Page-DAABHS-2)
- Delivered 327,486 meals to 3,102 senior citizens who are unable to leave their homes. (Page-DAABHS-2)
- Received 10,663 reports of possible abuse. Investigated 5,455 complaints on endangered adults. Of these Investigations, 890 were substantiated. (Page-DAABHS-6)
- Provided services to 535 Long-Term Protective Custody Clients. (Page-DAABHS-9)
- Provided services to 76,772 individuals through the state mental health system. (Page-DAABHS-14)
- Of the total number of individuals who received services, 46,434 were age 18- 59. (Page-DAABHS-14)

Division of Child Care and Early Childhood Education

- Served 33,674 children in the Child Care Assistance Programs. (Page-DCCECE-3)
- Childcare providers served 22,319,429 meals and snacks. (Pages-DCCECE-11)
- Conducted 673 licensing violation complaint investigations. Credible evidence of a violation was found in 272 of these cases. (Page-DCCECE-24)

Division of Children and Family Services

- Conducted 25,078 child maltreatment assessments. Credible evidence of maltreatment was determined to be true in 9,960 cases. (Page-DCFS-1 & 2)
- There were 4,854 Foster Care children at the end of SFY 2021. (Page-DCFS-10)
- Finalized 732 adoptions during SFY 2021. (Page-DCFS-18)

Arkansas Department of Human Services 2021 Statistical Report Summary Year at a Glance

Division of County Operations

Transitional Employment Assistance (TEA)

- Total payments for SFY 2021 were \$3,246,079 (Page-DCO-3)
- In SFY 2021, the total TEA cases were 3,083 (Page-DCO-3)

Work Pays

- Total payments for SFY 2021 were 284,925. (Page-DCO-10)
- Total cases for SFY 2021 were 278 (Page-DCO-10)

Supplemental Nutrient Assistance Program (SNAP)

- Total benefits for SFY 2021 were 840,434,188 . (Page-DCO-15)
- The unduplicated number of people receiving SNAP was 510,941. (Page-DCO-15)
- The number of unduplicated cases was 249,947. (Page-DCO-15)

Medicaid

In SFY 2021, 1,325,161 people were eligible for Medicaid. (Page-DCO-19)

Community Programs

 The Community Services Block Grant (CSBG) Program had \$8,289,643.62 in funds allocated for assisting an estimated 233,651 people in FFY 2021. (Page-DCO-21)

Division of Developmental Disabilities Services

- The Part C First Connections Program provided Early Intervention Services to 2,115 children. (Page-DDS-4)
- Served 2,345 individuals through the Community Services Programs during SFY 2021. (Page-DDS-10)
- The Human Development Centers provided services to 862 individuals in SFY 2021. (Page-DDS-11)

Arkansas Department of Human Services 2021 Statistical Report Summary Year at a Glance

Division of Medical Services

Medicaid

- Medicaid expenditures by category of services for SFY 2021 were \$8,320,863,296. (Page-DMS-3)
- In SFY 2021, 1,217,331 individuals received Medicaid services. (Page-DMS-8)

Prescription Drug Program

- A total of 639,212 Arkansas Medicaid beneficiaries used their prescription drug benefit. (Page-DMS-23)
- The average cost per prescription drug is \$88.70 in SFY 2021. (Page-DMS-23)

Division of Provider and Quality Services

- In SFY21, during the COVID 19 pandemic, OLTC has completed 1,300 COVID 19 Focused Infection Control surveys to ensure that Arkansas long term care facilities are following the CDC, and Arkansas Department of Health recommendations along with the Federal and State regulations. (Page-DPSQA-2)
- In spite of COVID, the A+ Team was able to maneuver to a virtual communication and interaction with individuals wanting to transition out of the Nursing Facilities and back into the community. In SFY21 a total of 933 nursing facility residents transition back into the community through the assistance of this team. (Page-DPSQA-8)

Division of Youth Services

- In SFY 2021, there were 256 commitments made to youth services centers. (Page-DYS-3)
- Community-based programs provided services to 2,250 youth. (Page-DYS-18)

AGING AND ADULT SERVICES INTRODUCTION

HISTORY

A growing nationwide awareness of the problems of the elderly and the needs for services and assistance on their behalf led to the passage of the Older Americans Act in 1965. This legislation, which created the Administration on Aging at the federal level, also mandated the establishment of a state unit on aging in each state to administer programs under the Act. Accordingly, the Arkansas Office on Aging was established in 1966 by proclamation of Governor Orville Faubus under the auspices of the Governor's Office.

Since 1965, the Older Americans Act has been amended several times, each time expanding the roles of state units on aging. Arkansas legislation has also changed the name of the state unit on aging, the organizational location, and its authority and funding responsibilities. In 1971, the State Unit was placed within the Department of Social and Rehabilitative Services. The responsibility for Adult Services was assumed in 1972.

The agency achieved divisional status through Act 228 of 1977, and the responsibility for adult protective services was transferred by the General Assembly in 1979. As a result of Act 348 of 1985, the Division of Aging and Adult Services (DAAS) was created within the reorganized Arkansas Department of Human Services. In 1997 the Division began providing services to adults with physical disabilities.

MISSION AND OBJECTIVES

The Division's mission is to promote the independence of older Arkansans through effective prevention, quality treatment, and meaningful recovery. The Division is responsible for planning coordinating, funding, and evaluating programs for older adults and adults with physical disabilities that are authorized by both state and federal governments.

THE ADMINISTRATIVE AGING NETWORK

In 2012, the Administration for Community Living (ACL) was established to bring together the Administration on Aging (AoA), the Office on Disability, and the Administration on Developmental Disabilities. ACL is directly under the U.S. Department of Health and Human Services (HHS). The administrative network reaches through the 10 regional offices of HHS to the 56 State Units on Aging (SUAs) and some 618 Area Agencies on Aging (AAAs).

PRESIDENCY DEPARTMENT OF HUMAN SERVICES ADMINISTRATION ON AGING

Recommends policy, develops regulations to implement the Older Americans Act (OAA) and administers the OAA budget, grants for research, training, model projects, etc.

REGIONAL OFFICES ON AGING (10 Regions)

Provide technical assistance to states and monitor state aging programs.

STATE UNITS ON AGING (56 Jurisdictions)

Coordinate state level activities on behalf of older people, develop and administer the state plans on aging, serve as advocates, and provide technical assistance to Area Agencies on Aging.

AREA AGENCIES ON AGING (618 Agencies)

Develop and implement the area plans on aging, serve as advocates for older people, coordinate with other agencies and organizations in the planning and service areas to develop comprehensive aging service systems, and administer the Older Americans Act programs within their jurisdictions.

AGING AND ADULT SERVICES PROVIDED

Senior Citizens Centers provide a wide range of services for aging adults, typically including recreational activities for adults, socialization, educational programs, and other services. Arkansas has 151 such centers.

Chore Services is for individuals without adequate help to perform services for them. This is a household service which may include running errands, preparing food, simple household tasks, heavy cleaning or yard and walk maintenance which the client is unable to perform alone and which do not require the services of a trained homemaker or other specialist. There were 0 clients served in SFY 2021.

Homemaker provides household management tasks such as menu planning, bill paying, and checking account management. Individuals must be without significant social support systems able to perform services for them. Homemaker served 36 clients in SFY 2021.

Legal Assistance clients must be age 60+ needing legal advice that does not involve criminal charges. Legal Assistance provided 152 hours of service in SFY 2021.

Congregate Meals are available for individuals over 60 years of age. The meals are served in a group setting such as a senior center or elderly housing facility and are usually associated with activities to promote social interaction and reduce social isolation. This service provided 27,676 meals to 3,102 clients in SFY 2021.

Home Delivered Meals provides meals to clients who are age 60+ (or spouse or disabled dependent of person age 60+), homebound, and unable to prepare nutritionally adequate meals, and living in an area where the meal can be delivered. Home Delivered Meals served 327,486 meals to 3,102 clients in SFY 2021.

Client Representation is provided by a knowledgeable worker who assists individuals in receiving services and benefits for which they are eligible. Assistance was provided to 6,724 unduplicated clients in SFY 2021.

Personal Care assists Medicaid clients in meeting daily living tasks to enable the client to remain in the community. Service was provided to 105 unduplicated clients in SFY 2021.

Pace is a comprehensive health and social services delivery system that provides and coordinates primary, preventive, acute and long-term care services to the frail elderly as a means for keeping them in their homes and communities for as long as possible.

AR Choices is a Medicaid program that includes home and community-based services for adults ages 21 through 64 with a physical disability and seniors age 65 or older. These services can offer help doing everyday activities that you may no longer be able to do for yourself like bathing, dressing, getting around your home, preparing meals, or doing household chores.

IndependentChoices began as a consumer-directed Medicaid waiver for Medicaid eligible persons age 18 and above who have a functional need for personal care service. On April 1, 2008 the IndependentChoices program was approved by CMS as a state plan option within the Medicaid Personal Care Program. CMS also approved two home and community based waiver services, Adult Companion Services and Homemaker, as eligible services offered through the IndependentChoices Program. This consumer directed service offers a person a monthly budget in place of traditional personal care. Each participant works with his/her counselor to establish a budget based on his/her individual assessed needs for personal assistance. Eligible persons are able to hire, train, and supervise and pay their own personal care aide and use some of the allowance to purchase goods and services that lessen human dependency needs. The IndependentChoices participant (or his/her designated Representative) will be assisted by a Support Coordinator who will coordinate enrollment, provide skills training, and assist with questions as they arise. The participant receives counseling and financial support services at no additional cost to the participant's budget.

Adult Day Care services are community-based group programs designed to meet the needs of functionally and/or cognitively impaired adults through an individual case plan. These structured programs provide a variety of health, social and support services. Adult day centers operate programs during normal business hours with some programs offering evening and weekend services. These programs served 0 clients in SFY 2021.

Transportation Service transports a client from one location to another so that the client has access to needed services, care, or assistance, such as medical services, shopping, bill paying, etc. The service may include escort assistance. **This service provided one way trips to 3,476 clients in SFY 2021.**

Federal Senior Community Service Employment Programs serves persons with low incomes who are 55 years old or over and have poor employment prospects. The program has two purposes: 1) to provide useful community services through part-time, temporary employment where program participants are engaged in community services and 2) to foster individual economic self-sufficiency where participants receive work experience and job skills that can lead to unsubsidized employment. For Program year July 01, 2020 - June 30, 2021, 93 participants were served in the Federal Senior Community Service Community Service Employment Program. For this same time period, 99 participants were served in the State Older Worker Community Service Program.

Information and Assistance is available to all older persons, their families, and friends. The service includes concrete information about services and benefits and where to obtain them. It may include assistance with referral to an agency providing the service or benefit and follow-up to see if the service was satisfactory. **There were 3,096 units of service for SFY 2021.**

AGING AND ADULT SERVICES PROVIDED

Ombudsman Program is a statewide program that advocates for the rights of long-term care residents. It is a program of community advocates that addresses the complaints of nursing home and residential care facility residents. Its representatives provide information on facilities, work for systematic change, and monitor the activities of the regulatory system.

Program Statistics:	
Facility complaints	769
Resident visits	12,039
Resident and family council	47
Community education sessions	39
Telephone inquiries	28,714

Money Follows the Person (MFP) Rebalancing Demonstration Grant helps states rebalance their Medicaid long-term care systems. During July 2020 - June 2021, the total number of individual served in Arkansas was 38.

MFP Goals

"Increase the use of home and community-based services (HCBS) and reduce the use of institutionally-based services.

"Eliminate barriers in state law, state Medicaid plans, and state budgets that restrict the use of Medicaid funds to let people get long-term care in the settings of their choice.

"Strengthen the ability of Medicaid programs to provide HCBS to people who choose to transition out of institutions.

"Put procedures in place to provide quality assurance and improvement of HCBS.

Choices in Living Resource Center provides callers with information regarding long-term services and supports programs and services as well as referral to numerous other assistance programs and organizations. The ADRC targets seniors and adults with disabilities who are at risk of nursing home admission to help them access programs and services that will allow them to remain in the community and live as independently as possible. The ADRC provides education and awareness of DAAS publicly funded programs, including Medicaid Home and Community Based waiver programs, through statewide marketing and outreach at Senior Centers, Senior Health Fairs and exhibits at various conferences for aging and individuals with disabilities including intellectual/developmental disabilities.

Special Events

• The Governor's Advisory Council on Aging (GACA) is a <u>18</u>-member Advisory Council, and meets quarterly.

ADULT PROTECTIVE SERVICES

The Adult Protective Services Unit protects and investigates maltreatment of adults, age 18 and older, who are:

- Abused, neglected, or exploited, or any combination thereof; and
- Who are endangered as a result of lack of capacity or impaired from mental or physical disease or defect as these terms are defined by Arkansas Statute.

Adult Protective Services (APS):

- Investigates the maltreatment of adult Arkansans who are endangered and are impaired or lack capacity.
- Searches for the least restrictive living alternative for individuals who are capable of providing for
- Strives to involve the adult requiring services, as well as the family, in the decision making process.

Adult Protective Services will not take a client into custody if that person is in need of:

- Acute psychiatric treatment;
- Chronic mental health treatment;
- Alcohol or drug abuse treatment;
- Protection from domestic abuse if that person is mentally competent.

BEHAVIORAL HEALTH SERVICES INTRODUCTION

Division Overview

The Behavioral Health Services, within the Division of Aging, Adult, and Behavioral Health Services (DAABHS) of the Arkansas Department of Human Services, is responsible for ensuring the provision of public mental health and substance abuse treatment/prevention services throughout the state of Arkansas.

Mental Health Services

Behavioral Health Services facilitates the provision of public mental health services by operating 222 beds in the Arkansas State Hospital (including adult acute care, forensic, and adolescent beds) and 290 beds in the Arkansas Health Center (a skilled long-term nursing home facility), by contracting with twelve local, private non-profit Community Mental Health Centers (CMHCs). Priority populations for DAABHS mental health services are individuals involved with the Arkansas State Hospital (ASH) (including persons currently awaiting services, admitted to, or are discharged from ASH), SED (Serious Emotional Disturbance) children or SMI (Serious Mental Illness) adults without insurance coverage or with coverage that doesn't cover medically necessary mental health services, persons in jail, persons meeting criteria for First Episode of Psychosis (FEP), and persons in need of a crisis screening with no payor source. Admission to acute care beds is through a referral from the state's CMHCs. CMHCs also perform court-ordered forensic evaluations and Forensic Outpatient Restoration Program (FORP) services upon request. Admission to forensic beds, for either evaluation and/or treatment, is by a circuit court order. The Arkansas Health Center provides skilled nursing home services for individuals with mental health problems that cannot be effectively managed in other nursing homes. The Center also provides some other specialized nursing home care.

Each of the state's 12 CMHCs provide services in one of 12 designated geographic catchment areas that encompass the entire state. All CMHCs are nationally accredited by either the Commission on Accreditation of Rehabilitation Facilities (CARF) or The Joint Commission (TJC), or Council on Accreditation (COA). CMHCs operate out of 115 sites located in all 75 counties. Services are provided in all counties of the state. CMHCs provide screenings for all persons referred for publicly supported inpatient care, including at the Arkansas State Hospital and in local psychiatric hospital beds paid for through funds provided to the CMHCs.

Additionally CMHCs provide a comprehensive array of clinical and rehabilitative mental health services including: crisis intervention and stabilization; mental health, psychiatric, psychological and forensic assessment; treatment planning; individual, family, multi-family, and group therapy; medication management; case management; day treatment/partial hospitalization programs; psychiatric rehabilitation day programs; and other supportive services such as housing, vocational, and therapeutic foster care services. Peer Services for our mental health population has been a strong focus late in this fiscal year.

Substance Abuse and Prevention Services

The Division of the Behavioral Health Services is the single state agency responsible for the funding of alcohol and drug prevention and treatment services, providing court ordered treatment, licensing of alcohol and drug treatment programs, overseeing the State Methadone Authority, administering the Drug and Alcohol Safety Educational Programs, providing treatment ordered by juvenile drug court, and assisting with providing training in the field of substance abuse.

Substance Abuse and Prevention Services (Continued)

DAABHS distributes federal funds from the Substance Abuse Prevention and Treatment Block Grant to provide alcohol and drug prevention and treatment services in the state.

Prevention Services

Substance Abuse Prevention Services is responsible for funding and administering a comprehensive and coordinated program for the treatment of alcohol and drug abuse within the 75 counties in Arkansas.

Prevention Services oversees the following programs:

- Substance Abuse Block Grant (SABG) Program objective is to help plan, implement, and evaluate activities that prevent and treat substance abuse. SAMHSA requires that grantees spend no less than 20% of their SABG allotment on substance abuse primary prevention strategies. Arkansas is divided into 13 regional catchment areas covering the entire state. Each regional representative provides substance abuse education and programs for their assigned region. We contract a lot of these services for this program through UALR Mid-South, who oversees the subcontracting and coordination as we outlined in the grant. It includes school and community programs.
- Partnerships for Success Grant (PFS) PFS priorities are to reduce underage drinking and use of marijuana of in youth 9-20 years old. The University of Arkansas at Little Rock/School of Social Work/MidSOUTH Center for Prevention and Training (MidSOUTH) serves as a subgrantee for the current PFS project, providing management, training/technical assistance (TA), and event planning statewide to all provider organizations on behalf of DHS/DAABHS.
- State Opioid Response Grant II (SOR II) SOR II supports the naloxone training/distribution and prescriber education through Criminal Justice Institute and UALR Mid-SOUTH \$500,000 supports prevention focused on senior population (age 65+) provided by UAMS Reynolds Institute on Aging, aimed at reducing opioid use and related risks, as well as education on opioids, pain management alternatives, etc.
- First Responder Comprehensive Addiction and Recovery Act (FR-CARA) FR CARA conducts prevention and education initiatives to reduce prescription drug/opioid overdose-related deaths and other problems associated with Opioid Use Disorder (OUD).in Arkansas Delta counties. The program supports effective overdose prevention and referral services, including naloxone distribution and training in its use.

Treatment Services

Substance Abuse Treatment Services is responsible for funding and administering a comprehensive and coordinated program for the treatment of alcohol and drug abuse within the 75 counties in Arkansas.

Treatment Services oversees the following programs:

• Comprehensive Substance Abuse Treatment Programs (CSAT)

Treatment Services oversee 8 (eight) Funded Providers which provides a full array of substance use disorder, prevention, treatment, and recovery services within the 75 counties in Arkansas. Comprehensive Substance Abuse Treatment Services includes: detoxification, residential treatment, outpatient treatment, intensive outpatient treatment, adolescent treatment services, juvenile drug court treatment services, partial day outpatient services, case management, specialized women's services (SWS), continuing care services, interim services, and education.

•Sub-contractors Treatment Contracted Providers engage sub-contractors to assist in providing the full array of services

Substance Abuse and Prevention Services (Continued)

• Specialized Women's Services

Treatment Services oversee 8 (eight) Funded Providers which provides a full array of specialized women's services. Services include: case management, alcohol and other drug treatment, child care, transportation, medical treatment, housing, education/job skill training, parenting skills aftercare, family education and support and house rules.

•Sub-contractors Treatment Contracted Providers engage sub-contractors to assist in providing statewide coverage and a full array of Specialized Women's Services (SWS).

• Drug and Alcohol Safety Educational Program (DASEP)

Treatment Services oversee 8 (eight) Drug and Alcohol Safety Educational Programs (DASEP). DASEP Programs regulates the screening, assessment, and treatment of those who have received a Driving While Intoxicated (DWI) and/or DUI charge within the 75 counties in Arkansas.

• Opioid Treatment Programs

Treatment Services oversee 6 (six) Licensed Opioid Treatment Programs (methadone maintenance treatment) providing medication and outpatient drug counseling of opiate abusing clients including one program (i.e. UAMS) funded by DAABHS.

• Sub-Grants

Substance Abuse Treatment Services has 2 (two) grants that provides treatment and recovery funding to expand the statewide availability of Medication-Assisted Treatment (MAT).

•State Targeted Response to Opioid Crisis Grant (STR). Services are provided by: 8 (eight) funded providers; University of Arkansas at Little Rock (UALR); University of Arkansas Medical Science (UAMS) •State Response to Opioid Grant (SOR): Services are provided by: Arkansas Foundation for Medical Care (AFMC); 8 (eight) Funded Providers; 6 (six) Opioid Treatment Programs; University of Arkansas Medical Science (UAMS); Department of Community Correction (DCC); University of Arkansas at Little Rock (UALR); Under Grace Ministries; Lonoke County Jail.

Training services for the field of alcohol and drug services are funded by DAABHS through contract and grants with Mid-South Addiction Training Network, Mid-South Summer School, and the Prevention Institute. These organizations provide training throughout the state for persons working in the field of substance abuse.

Number of Clients Served

During SFY 2021, 76,772 persons received mental health services through DAABHS mental health programs, 13,810 received substance abuse treatment services. DAABHS prevention services are estimated to reach nearly a million people with regional prevention partnerships by informing and educating the public. Tables 11 through 14 show the unduplicated number of mental health clients served by each provider without insurance. The total served in these tables (79,171) represents the duplication across providers in the system. Thus, there were 1,454 instances (79,171-77,717) during the year where a person who had received mental health services from one provider, also received mental health services from another provider. For SFY 2021, Substance Abuse Services reports no duplication across providers.

INTRODUCTION

DCCECE MISSION STATEMENT

Together we improve the quality of life of all Arkansans by protecting the vulnerable, fostering independence and promoting better health.

OVERVIEW

Act 1132 of 1997, established the Division of Child Care and Early Childhood Education within the Arkansas Department of Human Services. The purpose of the Division is to enhance the coordination of child care and early childhood education programs within the state and support the optimal and ongoing development of young children in Arkansas.

The Arkansas Early Childhood Commission's goals are as follows:

- To improve the overall quality of infant and toddler programs
- To engage families in the child's education through research-based programs that enhance child outcomes and success in school
- To support restructuring, expanding and growing Better Beginnings/Quality Rating Improvement System
- Strengthen and expand local and state partnerships with other agencies and organizations for connected action (Established April 2009)
- Create awareness of Health and Nutrition Programs and educate parents, children and child care providers on the benefits of a healthy lifestyle.
- Create an integrated system of professional development in the early childhood sectors-child care; Head Start; pre-k; public schools; early intervention and special education services.

CHILD CARE ASSISTANCE PROGRAMS

The Child Care Assistance Program began in 1989. The initial purpose of this program was to provide subsidized early childhood services to low-income families utilizing child care voucher services. The families must be working, enrolled in an educational program, or attending training. Child care voucher services are also provided to families and children in Protective Services and Foster Care. In 1997 with the authorization of welfare reform, the process was expanded to include families receiving Transitional Employment Assistance (TEA) and families transitioning from TEA to Extended Support Services (ESS).

PROGRAM & PROFESSIONAL DEVELOPMENT

THE QUALITY PERSPECTIVE

The Division of Child Care and Early Childhood Education (DCCECE) Program and Professional Development Unit (PPD) is in a unique position of providing support services to early childhood and out of school time providers, families, early care professionals and DCCECE staff. The staff guide and direct improving the quality, availability and accessibility of care for Arkansas' children through the Better Beginnings incentive funds; Arkansas Better Chance (ABC) and Child Care Development Fund (CCDF) professional development contracts; Arkansas Birth through Prekindergarten Teaching Credential; Child Care Aware of Arkansas Network; educational resources; and the Technical Assistance System.

PROFESSIONAL DEVELOPMENT DELIVERY

DCCECE contracts with educational agencies and universities to provide professional development at no cost to early education professionals. Each training must be aligned with eight key content areas: Child Growth and Development; Learning Environment and Curriculum; Positive Interactions and Guidance; Family and Community; Child Observation and Assessment; Health, Safety, and Nutrition; Professional Development and Leadership; and Program Planning and Management. In 2020-2021, 4,029 trainings were held across the state with a recorded attendance of 103,311 participants.

BASIC ORIENTATION COURSE FOR CHILD CARE STAFF/CHILD CARE ORIENTATION TRAINING (CCOT)

PROGRAM	PROGRAM MEASUREMENTS	2018-19	2019-20	2020-21
2	Number of Persons Enrolled	840	1,084	3,425
	Percentage of Persons Completing the five Modules	72%	70%	N/A
ORIENTATION TRAINING	Number of Sites Providing Training	39	33	9*
	Number of Classes	61	53	

* The majority of CCOT classes were held online. Therefore, the number of sites is fewer.

ARKANSAS NEW STAFF ORIENTATION

Arkansas New Staff Orientation is an eight-hour training required for all new employees of licensed facilities that covers topics including child development, supervision of children, health and safety practices, and behavior guidance. The course meets the state's Minimum Licensing Requirements for child care centers, homes, and out-of-school time facilities.

8,096 participants completed Arkansas New Staff Orientation in 2020-2021.

DIRECTOR'S ORIENTATION

Directors Orientation supports new administrators in successfully fulfilling their responsibilities. The course is provided in four six-hour modules and is required for all new directors of licensed child care centers in Arkansas. Continuing Education Units (CEUs) and Arkansas Department of Education (ADE) credit are available upon completion of the 24 clock hours (2.4 CEUs). An outline of the content is listed below.

Directors Orientation A - Minimum licensing rules and regulations and Better Beginnings
Directors Orientation A-2 - Risk management including playground safety, safe sleep and supervision, technology, shaken baby syndrome, and child maltreatment
Directors Orientation B - Communication, professionalism and the NAEYC Code of Ethical Conduct
Directors Orientation C - Brain development research, developmentally appropriate practice, ages and stages, early childhood environments, positive guidance and curriculum

71 courses were held reaching 1,263 participants in 2020-2021.

DCCECE - 5

PROGRAM & PROFESSIONAL DEVELOPMENT

BETTER BEGINNINGS INCENTIVE GRANTS

Although the Arkansas Better Beginnings program has been a voluntary Quality Rating and Improvement System in the past, participation became mandatory in 2016 for licensed facilities that accept Child Care Development Block Grant child subsidy/voucher funding. Participation in Better Beginnings requires child care providers to increase progress in several key component areas: administration, administrator and staff qualifications, professional development, learning environment, facility assessment and child health/development. Child care facilities' quality ratings are posted on the DCCECE and Better Beginnings websites as a resource to inform parents as they make decisions about care for their children.

PROGRAM	LEVEL	2018-19	2019-20	2020-21
	THREE STAR-# OF PROGRAMS	31	354	6
II - 13	INCENTIVE			\$17,000
	PROFESSIONAL DEVELOPMENT	\$93,000.00	\$566,750.00	
BETTER BEGINNINGS	TWO STAR-# OF PROGRAMS	- 3	33	19
NCENTIVE/ PROFESSIONAL	INCENTIVE	\$9,500.00	\$65,000.00	\$60,500
DEVELOPMENT GRANTS	PROFESSIONAL DEVELOPMENT	φ ο ,500.00	\$33,000.00	
	ONE STAR-# OF PROGRAMS	24	12	7
	INCENTIVE	ALC 000 00		
	PROFESSIONAL DEVELOPMENT	\$45,000.00	\$21,000.00	\$15,000.00

On July 1, 2019, Better Beginnings implemented annual grants to recognize child care providers who achieve higher star quality levels and to support providers who continue offering quality services. The grant amount is determined by the star level and the licensed capacity of the facility. Approved uses for the grant include: materials to enhance the learning environment, curriculum and professional resource books and materials, furniture and equipment, child health and developmental screening materials, family engagement and communication, and professional development.

PROGRAM & PROFESSIONAL DEVELOPMENT

TOTAL PRACTITIONERS		31,115	40,536	48,688
TOTAL TRAINERS				
		863	1,000	1,132

The Arkansas Professional Development Registry (PDR) is the tracking component of the Arkansas Early Childhood Education and Care Professional Development System. Individuals can register for professional development opportunities and obtain resources to enhance their knowledge and skills. All early childhood professionals working in licensed centers, homes and out-of-school time facilities are required to become a member of the PDR. Members have access to their own online training transcript, which lists the trainings attended. A minimum number of training hours are required annually to maintain membership. Members can set professional career goals and use the Individual Professional Development Plan to determine which training is best suited to fit their needs.

PROGRAM & PROFESSIONAL DEVELOPMENT

PRE-K EARLY LEARNING LITERACY IN ARKANSAS (ELLA)

Pre-K ELLA is designed to provide training to early childhood educators in delivering effective literacy strategies that provide a strong foundation for school readiness and reading success to young children in Arkansas.

Pre-K ELLA

CHILD CARE RESOURCE AND REFERRAL CENTER

Child Care Aware Resource and Referral Agencies (CCA) are contracted to provide technical assistance to early childhood professionals, maintain an early childhood education referral database of licensed and registered programs within their defined region, and provide professional development training. For early childhood education programs, CCA Agencies provide: information and assistance concerning Arkansas's quality rating program, Better Beginnings; Resource and Lending Libraries; free marketing; and assistance in starting your own early childhood education programs and early childhood education and consumer education on choosing high-quality early childhood programs and early childhood education and consumer education on a variety of early childhood topics. For employees. Parents can access information on all licensed/registered early childhood education homes and centers by accessing the DCCECE website.

SCHOOL READINESS INDICATORS

The University of Arkansas at Little Rock (UALR) Children's Data Center/Institute for Economic Advancement continues to gather and track indicators that support learning and provides data for policy planning.

Initiatives to support the implementation of the Better Beginnings/Quality Rating and Improvement System follow:

Quality Rating and Improvement System:

*Quality Care Education and Outreach Campaign

*Quality Care development of tool kits and training

*QRIS Evaluation of standards and processes

*Targeted coaching project implemented to help child care providers increase their quality

PROGRAM & PROFESSIONAL DEVELOPMENT

Child Health and Well-Being:

-Partners with DCFS to fund the Arkansas Safe Babies Court Team designed to help infant and toddlers in foster care reach loving, safe, permanent homes through training, technical assistance and support. Reduces the recurrence of child maltreatment among the families served.

-Supports Healthy Child Care of Arkansas program, a multi-disciplinary team of health professionals focused on improving the quality of children's health in early child care settings. Offers free consultations to child care professionals on children's health topics through telephone "hotline".

-Provides training and technical assistance on Ages and Stages Parent Questionnaire Developmental Screening, implementation, and evaluation in programs utilizing federal Child Care Assistance/vouchers.

Child Guidance and Behavior/Social Emotional Development:

-Offers through Project Play and REACH the promotion of social emotional development of all children through: 1) changes in the early learning environment; 2) decrease of problematic social and emotional behaviors by building the skills of child care providers and family members; and 3) reduction to the number of suspensions and expulsions of young children in early care environments.

-Teaching Important Parenting Skills (TIPS) for Great Kids offers brief parenting intervention sheets for teachers and caregivers in high voucher usage programs to assist parents with child behavior issues

Infant/Toddler Care:

-Coordinates network of Infant/Toddler Specialists located in five Child Care Aware Resource and Referral agencies who work to increase quality in programs receiving federal Child Care Assistance/vouchers.

School Age/Youth Development Programming:

-Introduction to the 40 Developmental Assets:

This training introduces youth workers to the 40 common sense, positive experiences and qualities that influence the choices young people make as well as how to create an intentionally rich asset-based afterschool program. This training is required for school-age programs participating in Better Beginnings.

-Arkansas Youth Development Institute (YDI):

YDI consists of 20 online professional development courses for front line youth workers whose OST programs serve children and youth in grades K-12. By taking a series of these trainings, youth workers can receive the Youth Worker Orientation Certificate.

HEALTH AND **NUTRITION PROGRAM**

HEALTH & NUTRITION PROGRAM

The Health & Nutrition Program provides reimbursement for well-balanced, nutritious meals served to individuals enrolled in participating programs.

Child and Adult Care Food Program

This program provides reimbursement to organizations providing licensed nonresidential day-care services. Adult day-care centers may participate. Organizations may be reimbursed for two meals and one supplement or one meal and two supplements per day.

LICENSING AND ACCREDITATION

The Child Care Licensing Unit was placed with the Division of Child Care and Early Childhood Education following the passage of Act 1132 in 1997. The Accreditation program became part of the Unit in 2005 when the Division began work on Better Beginnings, a quality rating and improvement system for licensed center and home child care providers. In July of 2009, the Placement and Residential Licensing Unit was placed with the Division. With this growth, the unit was renamed the Licensing and Accreditation Unit, which consists of three parts: Child Care Licensing, Better Beginnings, and Placement and Residential Licensing.

The Licensing and Accreditation Unit is responsible for licensing early childhood education settings where more than five (5) children are cared for, maintaining the Voluntary Registry for persons providing care to five (5) or fewer children that choose to be registered, administering Better Beginnings, and the licensing of child placement, residential, and adoption agencies. The Unit routinely inspects licensed centers and licensed and registered homes a minimum of three (3) times per year. Some licensed centers or homes that are Better Beginnings Level 2 or higher and have high levels of compliance may be placed on a reduced monitoring schedule. Technical assistance and consultative services are provided to licensed and registered programs, applicants, parents, and to programs that are participating in, or who have applied for, Better Beginnings.

The Child Care Licensing Unit investigates complaints of non-compliance on licensed and registered child care facilities. The Unit also assists the Crimes Against Children Division of the Arkansas State Police, and the Division of Children and Family Services in the investigation of child maltreatment complaints in these facilities. The Child Care Licensing Unit is responsible for processing and tracking background checks on all child care owners/operators and employees through the FBI, State Police, and the Arkansas Child Maltreatment Central Registry. Child Care Licensing Unit ensures that appropriate corrective action is taken on any persons found to have a record of child maltreatment and that persons who have a conviction of a prohibited offense are removed from child care.

The Better Beginnings Unit is responsible for maintaining a tiered quality rating and improvement system which consists of three quality tiers above minimum licensing requirements. Providers qualifying for levels above minimum licensing are entitled to grants and other incentives, based on their level. Implementation of Better Beginnings began in July 2010. The goal of the Better Beginnings Unit is to improve the quality of care for children in licensed child care and early education settings by increasing the number of programs participating in Better Beginnings. The Better Beginnings program started with 684 programs participating. At the end of SFY2019, 1,341 programs were participating.

The Placement and Residential Licensing Unit is responsible for licensing child placement and residential agencies. This includes state and private agencies that have one or more programs such as placement, foster care, therapeutic foster care, residential facilities, psychiatric facilities, sex offender facilities, emergency shelters and adoption agencies. The Placement and Residential Licensing Unit investigates complaints of non-compliance on licensed agencies. The Unit also assists the Crimes Against Children Division of the Arkansas State Police, and the Division of Children and Family Services in the investigation of child maltreatment complaints in these facilities. The Licensing staff members ensure that appropriate corrective action is taken on any persons found to have a record of child maltreatment, and that persons with a prior conviction of a prohibited offense are removed from caring for children.

Better Beginnings Data

Year	Level 1	Level 2	Level 3	Total
2019	476	54	615	1,145
2020	1190	83	669	1,942
2021	1041	152	673	1,866

Arkansas Better Beginnings is a building block system, with each level building on the previous level.

Level 1 is achieved when all requirements for that level are documented.

Level 2 is achieved when all requirements for Levels 1 and 2 are documented.

Level 3 is achieved when all requirements for Levels 1, 2 and 3 are documented.

The center's quality level affects the availability of grants, as well as tax credits that may become available to those who choose to send their child to higher level facilities.

Arkansas Division of Children and Family Services
Reports of Child Maltreatment

Quick Facts

Volume and Description of Child Maltreatment Reports

Of the 30,935 reports of child maltreatment accepted by the Arkansas Child Abuse Hotline during State Fiscal Year (SFY) 2021, 81 percent were assigned to DCFS and 19 percent were assigned to the Crimes Against Children Division (CACD) of the Arkansas State Police, which is responsible for investigating the most serious allegations of maltreatment.

Of the reports assigned to DCFS, 84 percent were assigned for an investigation and 16 percent were handled through Differential Response (DR).

DR allows the Division to respond to specific, low-risk maltreatment reports through a family assessment and provision of services rather than a traditional investigation.

The following types of allegations can qualify for DR:

- Inadequate Supervision if children are at least five
- Environmental Neglect if children are at least three
- Medical Neglect if children are at least thirteen
- Lock Out if children are at least ten
- Inadequate Food, Inadequate Shelter, Inadequate Clothing, and Educational Neglect with no age restrictions
- Certain allegations of abuse where the incident occurred at least one year prior to the report date

Findings of Child Maltreatment Investigations

Percentage Of Investigations Found True

Characteristics of Children Involved in True Investigations

There were 9,960 victim children involved in the maltreatment investigations that were found true.

Of those children, 63 percent, were white and 19 percent were black. Children ages five and younger accounted for nearly half (49 percent) of the victim children.

A majority of the victim children during SFY 2021 (55 percent) were female.

Types of Allegations in True Investigations

The majority of the 9,960 victim children in true investigations were involved in allegations of neglect (71 percent), followed by allegations of physical abuse and sexual abuse (19 percent each).

Percentage of	Children in True Allegation	ns of Maltreatment		
	Number of Children Cited in True Allegation	Percentage of Childre Cited in True Allegatio		
Neglect	7,049	71%		
Physical Abuse	1,918	19%		
Sexual Abuse	1,884	19%		
Sexual Exploitation	126	1%		
Abandonment	77	<1%		

A child may have more than one allegation.

Reports Involving Fatalities or Near Fatalities

During SFY 2021, there were 53 maltreatment investigations involving a child fatality. While some investigations were still pending, the majority of those in which a disposition had been rendered were found true. There were 16 investigations of near child fatalities during the year; most of those were also found true.

Appendix G includes more details regarding the fatality and near fatality cases that are disclosable at the time of this report's release.

Reports Assigned for Differential Response (DR)

Types of Allegations Cited in Reports Assigned for DR

The number of reports assigned to DR during SFY 2021 (4,029) decreased by five percent from SFY 2020.

Allegations Cited in DR Reports

Inadequate supervision and environmental neglect were the most commonly cited allegations in reports assigned to DR during the year, followed by educational neglect.

¹ These 38 reports include one with an overall finding of Exempt (No Risk).

Sec. 19 10

Quick Facts

Meeting Agency Policies

Timeliness of Initiating Investigations

The law requires reports of maltreatment to be initiated within 24 hours of a Priority I report or within 72 hours of a Priority II report.

Priority I reports cite more severe allegations while Priority II reports cite comparatively less serious allegations.

Initiation occurs when all victim children are interviewed or observed (if too young for an interview) within the designated timeframes.

DCFS initiated 85 percent of its investigations on time during SFY 2021, performing better on its Priority I investigations than Priority II.

Timeliness of Completing Investigations

DCFS completed 81 percent of its investigations on time (within 45 days of receipt of the report) during SFY 2021, identical to the previous two years.

Timely Initiation of Child Maltreatment Assessments (DCFS Only)

Timeliness of Initiating Reports Assigned to DR

DR referrals must be initiated within 72 hours of receipt of the report.

DCFS initiated 79 percent of its DR reports on time during SFY 2021, an improvement over the previous year.

Timeliness of Completing Reports Assigned to DR

Reports assigned to DR are to close within 30 days of receipt of the report. In certain instances when the families' needs necessitate longer involvement, two 15-day extensions can be granted, for a total of 60 days.

The agency closed 76 percent of its DR reports on time during SFY 2021, taking into account reports in which extensions were granted.

Timely Initiation of DR Reports

Benefits to Children and Families

Preventing the Recurrence of Maltreatment

Four percent of the victim children involved in true investigations experienced a recurrence of maltreatment within six months. Seven percent experienced a recurrence of maltreatment within 12 months.

Recurrence of Maltreatment within 6 and 12 Months

The National Standard for recurrence within 12 months is 9.1 percent or less.

Recurrence of Maltreatment Among Families who Received DR

Three percent of the children who began receiving DR services were involved in a true investigation of child maltreatment within six months, and five percent were involved in a true investigation within 12 months.

Involvement in True Maltreatment Reports

Arkansas Division of Children and Family Services

6

In-Home Services

Quick Facts

Volume and Description of Cases

Volume of Cases

In most instances DCFS offers inhome services through a protective services case, which is opened when a true maltreatment report or court order necessitates DCFS' involvement with a family but there is not an immediate threat to any child's safety in the home.

The number of in-home protective services cases open at the end of SFY 2021 increased by eight percent from one year ago. At the end of the year, there were 2,657 inhome protective services cases open across the state, involving 6,296 children.

The Division also offers in-home supportive services to families on a voluntary basis. DCFS was responsible for 220 supportive services cases at the end of the year.

Length of Time Cases Have Been Open

In-home protective services cases that were active as of the end of SFY 2021 had been open, on average, for between five and six months. Supportive services cases have stayed open, on average, for just under five months.

Average Number of Days Cases Have Been Open

Ages of Children in In-Home Protective Services Cases

Ages of Children in In-Home Cases

Meeting Agency Policies

Monthly Visits to In-Home Protective Services Cases

Benefits to Children and Families

Victimization Rate Among Children Who Received Protective and Supportive Services

Of the children who began receiving in-home protective services during the year prior to SFY 2021, eight percent experienced a true report of maltreatment within one year. Of the children who began receiving supportive services during the year prior to SFY 2021, five percent were involved in a true report within one year.

Rate of Entry Into Foster Care Among Children Who Received Protective and Supportive Services

Of the children who began receiving protective services one year prior to SFY 2021, eight percent entered foster care within one year of the initiation of those services. Meanwhile, two percent of the children who began receiving supportive services during the same timeframe entered care within one year.

Overall, in-home services prevent the vast majority of the children from being re-victimized or entering foster care within one year of initiation.

Volume and Description of Cases

Number of Children in Foster Care

Characteristics of Children in Foster Care

At the end of SFY 2021, children two to five years of age (25 percent) represented the largest group of children in foster care. Sixty percent of those in care were white and 20 percent were black.

Of the children in foster care at the end of SFY 2021, 50 percent were male and 50 percent were female.

Admissions Into and Discharges From Foster Care

Foster Care

Reasons for Children's Entry Into Foster Care SFY 2021

Placement Reason	Number of Entries	Total
Neglect	1,736	54%
Substance Abuse	1,661 ²	51%
Parent Incarceration	591	18%
Physical Abuse	451	14%
Inadequate Housing	357	11%
Sexual Abuse	226	7%
Caretaker Illness	108	3%
Child's Behavior	95	3%
Abandonment	75	2%
Court Ordered Foster Care in FINS Case	32	1%
Truancy	28	1%
All Other Reasons	60	2%

Neglect and substance abuse were the most prevalent reasons for children entering foster care during the year.

Reasons for Children's Entry Into Foster Care

A child may have more than one reason for entry.

Reasons for Children's Discharge From Foster Care

Reasons for Children's Discharge From Foster Care SFY 2021

Discharge Reason	Number of Discharges	Total
Reunification	1,181	43%
Adoption	719	26%
Relative Custody	450	16%
Child Aged Out	178	6%
Guardianship	112	4%
Non-Custodial Parent Custody	64	2%
Non-Relative Custody	37	1%
All Other Reasons	19	1%

National data³ indicate that the three most prevalent reasons children leave care are reunification (47%), adoption (26%), and guardianship (11%).

³ National data from the Children's Bureau (August 2020).

Arkansas Division of Children and Family Services

Forty-three percent of the children who left foster care during SFY 2021 were reunified with their own family, 26 percent were adopted, and 16 percent were discharged to relative custody.

Overall, 93 percent of the children exiting care in Arkansas achieved permanency either by returning home or via discharge to relatives, an adoptive home, or another permanent arrangement.

² These 1,661 cases of substance abuse include 1,452 instances of parental drug abuse, 149 instances of parental alcohol abuse, 51 instances of drug abuse by children, and 9 instances of alcohol abuse by children.

Length of Stay in Foster Care

Of the children in foster care at the end of SFY 2021, the majority (52 percent) had been in care for less than 12 months.

Length of Stay in Foster Care for Children in Care SFY 2021

Length of Stay	Number	Percentage	National
Less than 30 days	263	5%	5%
30-90 Days	495	10%	
3-6 Months	607	13%	21%
6-12 Months	1,183	24%	20%
12-24 Months	1,289	27%	26%
24-36 Months	448	9%	13%
36+ Months	569	12%	15%
Total	4,854	100%	100%

Placements of Children in Foster Care

Overall, 83 percent of the children in foster care at the end of SFY 2021 resided in a family-like setting (foster family home, relative placement, trial home visit, therapeutic foster home, pre-adoptive home).

Seven percent resided in congregate care, which represents placement in a qualified residential treatment program (QRTP), residential treatment care or residential care only program, or emergency shelter.

Permanency Goals of Children in Foster Care

Fifty-four percent of the children in care at the end of SFY 2021 had a permanency goal of reunification (return home) and 24 percent had a goal of adoption.

These figures differ only slightly from national data from the Children's Bureau as of August 2020, with averages of 55 percent for reunification and 28 percent for adoption.

Meeting Agency Policies

Monthly Visits to Children in Foster Care

To ensure safety and wellbeing, best practice requires children in foster care to be visited in their placements by their caseworkers each month. The Division's goal is to make 95 percent of these visits.

DCFS caseworkers made 82 percent of their required monthly face-to-face visits with children in care statewide during SFY 2021.

On average, 90 percent of the children received a face-to-face monthly contact from *any* DCFS staff member---regardless of the staff member's position, location of the visit, or the purpose----during the year.

Initial Health Screenings and Comprehensive Health Assessments

Depending on the severity of alleged maltreatment that leads to a child's entry into care, DCFS must complete either a 24-hour initial health screening (IHS) or 72-hour IHS. Children must also receive a Comprehensive Health Assessment (CHA) within 60

days of entering care.

DCFS completed 62 percent of its required 24-hour IHSs, 72 percent of its 72-hour IHSs, and 67 percent of its CHAs on time during SFY 2021.

Siblings in Placement Who Are Placed Together

At the end of SFY 2021, 76 percent of the children with siblings in foster care were placed with at least one of their siblings, while 55 percent were placed with all of their siblings.

These figures do not exclude children who were placed separately for valid reasons such as safety issues or court orders.

Placement Stability of Children in Foster Care

Placement stability is measured by the rate of placement moves per 1,000 days in foster care for children who enter care over a 12month period.

For SFY 2021, the placement stability rate was 5.51, an improvement over previous years. The national standard is a rate of 4.12.

Benefits to Children and Families

Achieving Permanency Within Twelve Months

Arkansas continues to exceed the national standard of 40.5 percent or more for achieving permanency (i.e., exiting foster care to a permanent living situation) for children within 12 months of removal.

Discharges from foster care due to reunification, relative custody, non-custodial parent custody, guardianship, adoption, and non-relative custody are considered to be <u>permanent living situations</u>.

Preventing Children's Re-Entry Into Foster Care

For SFY 2021 just over six percent of the children who were discharged to their families re-entered foster care within 12 months. The Division consistently meets the national standard of 8.3 percent or less.

Adoption

Volume and Description of Cases

Children Available for Adoption

At the end of SFY 2021, 420 children were available for adoption.

DCFS estimates that it has identified a possible pre-adoptive placement for approximately 20 percent of the children available for adoption.

DCFS modified its definition of children available for adoption during SFY 2018 to more accurately identify the number of children who are truly in need of an adoptive family.

Number of Children Available for Adoption

Characteristics of Children Available for Adoption

Of the available children, 67 percent were white, 14 percent were multiracial, and 12 percent were black. Children ages 10 and older made up the majority (63 percent) of the children available for adoption.

⁴ Children available for adoption are defined as those who (1) have a termination of parental rights on both parents, (2) have a permanency goal of adoption, and (3) are not placed with relatives, fictive kin, or a pre-adoptive family.

Placement of Children Available for Adoption

The majority (65 percent) of the children available for adoption at the end of SFY 2021 resided in either a foster family home or therapeutic foster home.

Meeting Agency Policies

Length of Time to Adoption

The average length of time from termination of parental rights (TPR) until adoption finalization was 12.3 months during SFY 2021, an improvement over the previous year but slightly longer than the national average (11.8 months).

Length of Time From TPR to Finalization of Adoption (Months)

Benefits to Children and Families

Finalized Adoptions

Seven-hundred and thirty-two adoptions were finalized during SFY 2021.

Thirty-five percent of the adoptions finalized during the year were by relatives.

Children ages zero to five made up the majority (54 percent) of children who were adopted during SFY 2021. Those ages six to nine made up 19 percent.

Subsidized Adoptions

Subsidies are given to children with special needs, defined as:

- Caucasian and over nine
- African-American and at least two
- At least two members of a sibling group
- Children who have severe medical or psychological needs that require ongoing treatment
- Children at high risk for the development of serious physical, mental, or emotional conditions documented by a medical professional.

Ages of Children with Finalized Adoption

During SFY 2021, 719 children began receiving adoption subsidies. Of those, 702 were federally-funded and 17 were state funded subsidies.

During SFY 2021, a total of 8,033 children received adoption subsidies.

Resources

Types of Cases at the End of SFY 2021

Quick Facts

Caseworkers and Caseloads

Caseloads at the End of SFY 2021

As of the end of SFY 2021, the Division was responsible for:

- 2,771 investigations of child maltreatment and 241 DR cases;
- 4,854 foster care cases (4,533 excluding adoption cases);
- 2,657 in-home cases, involving 6,296 children;
- 220 supportive services cases and 51 interstate compact for the placement of children (ICPC) cases.

This is while the Division was staffed with 455 family service workers, who were responsible for handling these cases.

Caseloads Handled During the Year

This graph shows the number of cases that cycled through the system during SFY 2021, i.e., the number of families or children served during the year (as opposed to those active at the end of the year, described above).

The Division oversaw 22,775 investigations; 7,614 children in foster care; 4,184 DR cases; 5,559 in-home protective services cases; 681 supportive services cases; and 103 interstate compact for the placement of children (ICPC) cases.

Types of Cases Served During SFY 2021

Average Caseload

The average caseload statewide stood at just under 23 cases per worker at the end of SFY 2021. This is higher than the Division's goal of 20 or fewer cases per worker.

The average caseload for each county as of June 30, 2021 is presented in Appendix J.

Foster Homes

Foster Homes and Beds

There were 1,588 licensed foster family homes open statewide at the end of SFY 2021, more than the previous year.

During SFY 2021, 907 new foster homes were opened and 842 were closed, resulting in a net gain of 65 homes.

Appendix K displays the closure reasons for the 842 foster homes that closed during the year.

4,000 3,724 3,500 1.527 3.401 3.393 3,000 2,500 2,000 1,670 1,500 1.560 .54 1.588 1,000 SFY 2018 SFY 2019 SFY 2020 SFY 2021 Number of Open Foster Family Homes

Number of Foster Homes and Beds

Number of Open Poster Pamily Homes
 Number of Beds within Foster Family Homes

Number of Foster Family Homes Opened and Closed

Ratio of Foster Home Beds to Foster Children

The ratio of licensed foster home beds to children in foster care was less than one (0.70) at the end of the year, lower than the previous year.

The Division's goal is to have at least one foster home bed available for each child in foster care.

Six reports in which foster parents were identified as alleged offenders were determined to be true during the year. Based on the 2,646 foster homes active during that period, the percentage of foster families with a true report of maltreatment was 0.23 percent.

Appendix L provides more detail on maltreatment reports concerning foster homes.

Appendix G: Summary of Reports Involving Child Fatality

Per Ark. Code Ann. § 12-18-1104(c), any information regarding a child fatality cannot be released by the Department of Human Services if release of such information would jeopardize a criminal investigation. Of the 53 child fatalities that were reported for SFY 2021, case-specific information could be disclosed for 10 of those incidents at the time of this report's release (see below). The website https://humanservices.arkansas.gov/data-reports/state-child-fatality-list/ displays up-to-date documentation concerning all child fatalities and near fatalities reported in Arkansas once that information can be disclosed.

True Fatality Reports

Per Ark. Code Ann. § 12-18-1108(c), any information regarding the near fatality of a child cannot be released by the Department of Human Services if release of such information would jeopardize a criminal investigation. Of the 16 near fatalities that were reported for SFY 2021, case-specific information could be disclosed for three of those incidents at the time of this report's release (see below).

Appendix H: Summary of Reports Involving Near Child Fatality

The website https://humanservices.arkansas.gov/data-reports/state-child-fatality-list/ displays up-to-date documentation concerning all child fatalities and near fatalities reported in Arkansas once that information can be disclosed.

True Near Fatality Reports

Prior DCFS Involvement	None
Action(s) Taken by Agency	None
Agency Conducting the Investigation	CACD
Relationship of Alleged Offender to the Child	Relative
Placement at the Time of Incident	In-Home
Allegations or Preliminary Cause of Death	Poison / Noxious Substances
Date of Near Fatality	7/11/2020
Gender	Female
Race Gender	Black
Age	0
County	Saline
Child	Child #1

Unsubstantiated Near Fatality Reports

County	Age	Race	Gender	Date of Near Fatality	Altegations or Preliminary Cause of Death	Placement at the Time of Incident	Relationship of Alleged Offender to the Child	Agency Conducting the Investigation	Action(s) Taken by Agency	Prior DCFS Involvement
Mississippi	0	Black	Male	7/6/2020	Medical Neglect	In-Home	Relative	CACD	None	No History
Craighead	0	Black	Male	8/30/2020	Subdural Hematoma	In-Home	Relative	CACD	72-Hour Hold	Prior History

Appendix L: Summary of Foster Care Maltreatment Reports

Characteristics of Children in Foster Care Involved in Allegations of Maltreatment, SFY 2021

Five-hundred and seventy-seven (577) reports of alleged maltreatment, involving 588 children in foster care, were reportedly received by the hotline during SFY 2021.

In 109 reports involving 140 children, foster parents⁵ were identified as the alleged offenders. As shown by the following chart, six of those reports were found to be true.⁶, Five of the six homes involved in those reports were subsequently closed. The remaining home was allowed to remain open after the offender vacated the household.

Foster Home Maltreatment Reports SFY 2021

True	Unsubstantiated	Pending
6	100	3

All allegations of maltreatment concerning foster homes are investigated by the Crimes Against Children Division (CACD) of the Arkansas State Police. DCFS staff do not actively participate in the investigation of these reports. Allegations of maltreatment regarding foster homes require the agency to assess the safety of all children residing in the home.

The following charts display the characteristics of the 140 foster children involved in allegations of maltreatment, with foster parents as the alleged offenders.

Ages

⁵ This includes foster family homes and therapeutic foster homes

⁶ The number of true investigations involving foster families reported in this report may differ from what was reported in individual quarterly reports for the same time period. This is due to the fact that some true findings can be later overturned to unsubstantiated and some pending findings may now have a final disposition.

County of Foster Homes in Which Alleged Maltreatment Occurred

ARKANSAS DHS STATISTICAL REPORT DIVISION OF COUNTY OPERATIONS (DCO)

INTRODUCTION

SFY 2021

<u>Mission:</u>

The mission of the Division of County Operations is to ensure the delivery of quality human services that strengthen the health and well being of Arkansas' children, families and adults.

Executive Staff:

Mary Franklin, Director Robert Williams, Assistant Director, Field Operations Larry Crutchfield, Assistant Director, Program Planning and Development Lorie Williams, Assistant Director, Community Services Ruthie Brown, Assistant Director, General Operations

Fast Facts:

People Served Annually:	1,508,254
Facilities Regulated: Division Established:	None
	1985
Budget:	\$401,346,752 Million Total: (331,919,914 Million-Fed, 54,085,211 Million-State, and
04-77	\$15,341,627 Million-Other)
Staff:	1,781 Budgeted Positions (including 40 Tobacco)
Institutions Operated:	81 DHS County Offices/Access Arkansas Processing Center

Programs:

- Medicaid The Division of County Operations enrolls eligible individuals in the Medicaid Program to assist with payment of medical services, prescription drugs and other related services. In State Fiscal Year 2021, there the were 1,325,161 clients enrolled in the Medicaid program. 883,553 Arkansas children and adults were eligible for medical care through the Traditional Medicaid program during State Fiscal Year 2021. Also, 441,608 Arkansas adults were eligible for Medicaid through the Arkansas Works program during State Fiscal Year 2021.
- Transitional Employment Assistance (TEA) This program provides time-limited cash assistance and supportive services to help low-income families with dependent children move toward self-sufficiency. Approximately 7314 people were provided this service during State Fiscal Year 2021. Clients counted as receiving this service may have also received additional services shown on this page.
- Work Pays The Work Pays Program is an incentive program designed to encourage working TEA clients to
 remain employed after closure of the TEA case while increasing their hours of work and/or hourly wage.
 Families participating in Arkansas Work Pays will receive a monthly cash assistance payment in the amount
 of \$204 for up to 24 months, provided they meet the Work Pays eligibility requirements. This work incentive
 program is limited to 3,000 families per month. In State Fiscal Year 2021, there were 869 individuals that
 participated in this program. Clients counted as receiving this service may have also received additional
 services shown on this page.
- Supplemental Nutrition Assistance Program (SNAP) ~ This program provides a nutrition safety net for lowincome children, families and adults. Over \$840 million in benefits were provided to 510,941 people during State Fiscal Year 2021. Clients counted as receiving this service may have also received additional services shown on this page.
- Refugee Resettlement This program provides temporary cash and medical assistance to eligible refugees
 and entrants to help them become self-sufficient.
- Community Services Block Grant (CSBG) Program This program provides annual funding to the 15 Community Action Agencies in the state to support services and activities that assist low-income families to become self-sufficient. More than \$8.2 million funding was provided in SFY 2021.
- Emergency Solutions Grants Program ~ This program provides grant funds to local community homeless shelters. 2,264,323 was provided to 40 agencies in SFY 2021, serving approximately individuals.

ARKANSAS DHS STATISTICAL REPORT EMERGENCY SOLUTIONS GRANTS PROGRAM

SFY 2020-2021

The SFY 2021, the Emergency Solutions Grants Program provided \$2,264,323 federal funds to 40 agencies. Of the 40 agencies, 35 are shelters. Twelve of the shelters are Domestic Violence shelters. The remaining five agencies are other non-profits. Unspent funding from the prior year was also later awarded to the agencies based on the approved components. The components of funding are Emergency Shelter, Rapid Rehousing, Street Outreach, Homeless Prevention and Administration. A breakdown of the type of funding each agency received is below.

Note: All subgrantees received funding for Administration.

40 Agencies	Rapid Rehousing	Street Outreach	Homelessness Prevention	Emergency Shelter

SFY 2021

INTRODUCTION

Services, Mission and History

The Division of Developmental Disabilities (DDS) provides an extensive range of services to individuals in community settings. These services are provided through private not-for-profit programs and other providers whose service areas include all 75 counties of the state. DDS oversees Licensed Center-Based Providers, Certified Home and Community Based Services (HCBS) Waiver Providers, and Certified First Connections (Part C IDEA Early Intervention) Providers. Additionally, DDS assists individuals and families in accessing generic community services, services offered by other Divisions and agencies, individual and family supports and special needs funding. There are five state-operated Human Development Centers (HDC), licensed as Intermediate Care Facilities for Individuals with Intellectual Disabilities (ICF/IID) across the state. The HDCs are located in Conway, Arkadelphia, Jonesboro, Booneville, and Warren. These programs provided services to individuals with developmental disabilities who are in need of 24-hour residential, medical, and habilitative services.

To accomplish its mission, DDS, the DDS Board, and DDS providers are committed to the principles and practices of normalization; least restrictive alternatives; affirmation of individuals' constitutional rights; provision of quality services; the interdisciplinary service delivery model; and the positive management of challenging behaviors.

In 1955, the Arkansas General Assembly created the Arkansas Children's Colony with the passage of Act 6. This act has been revised and extended by numerous statutes, the latest being Act 1165 of 1975. Act 265 of 1969 created the Arkansas Department of Mental Retardation*. It also expanded the authority of the Children's Colony Board to include certain responsibilities for individuals who, because of other disabilities, show characteristics of intellectual disabilities.

In 1971, the Governor designated Intellectual and Developmental Disabilities Services to administer the provisions of the Developmental Disabilities Services (DDS) and the Facilities Construction Act, or Public Law 91-517, (as amended). This and subsequent legislation expanded the responsibility of the agency to serve not only individuals intellectual disabilities but those with cerebral palsy, epilepsy, autism, spina bifida, and Down syndrome. Act 38 of 1971 transferred the Arkansas Department of Intellectual Disabilities and its functions, powers, and duties to the Department of Social and Rehabilitative Services, which is now the Department of Human Services (DHS).

In 1981, Act 513 was passed and changed the name and official title of the agency and Board to the Division and the Board of Developmental Disabilities Services. Under this Act, the Arkansas Children's Colonies became the Human Development Centers (HDCs). There are five HDCs across the state; the first opened in 1959 in Conway, and the last opened in 1978 in Warren. In 1987, DDS submitted its initial application for Home and Community Based (HCBS) Waiver Services. The HCBS program currently serves nearly 4,200 people in their own homes and communities. Day services are accessible in every county through Developmental Day Treatment Clinics. The youngest Arkansans are eligible for early intervention services.

Act 348 of 1985 authorized the reorganization of the Department of Human Services (DHS), and under this change DDS became one of 13 divisions or offices that made up an integrated services system. This Act designated control and administration of the HDCs under the management and direction of the DDS Board with daily operation authority extended to the DDS Director, in coordination with the Director of DHS.

*The term "Intellectual Disabilities" has replaced the term "Mental Retardation"

SFY 2021

GOALS AND SERVICES

DDS, the DDS Board, and its providers are dedicated to the pursuit of the following goals:

Advocating for adequate funding, staffing, and services to address the needs of persons with developmental disabilities.

Encouraging an interdisciplinary service system to be utilized in the delivery of appropriate individualized and quality services.

Protecting the constitutional rights of individuals with disabilities and their rights to personal dignity, respect and freedom from harm.

Assuring that individuals with developmental disabilities who receive services from DDS are provided uninterrupted essential services until such time as a person no longer needs to depend on these services.

Encouraging individual, guardian, parent, family, public, and community involvement in program development, delivery, and evaluation.

Engaging in statewide planning that ensures optimal and innovative growth of the Arkansas service system to meet the needs of persons with developmental disabilities and to assist such persons to achieve independence, productivity, and integration into the community.

Below are brief descriptions of our service areas:

First Connections (Part C IDEA Early Intervention):

The First Connections program provides and oversees developmental disability services to children from birth to three years old in the child's natural environment. By networking with local community providers, DDS ensures that services comply with Parts B and C of the Individuals with Disabilities Education Act (IDEA).

Children with Chronic Healthcare Needs:

The Children with Chronic Healthcare Needs program(CHC) provides specialized medical care and rehabilitation for children who are chronically ill or have physical disabilities, whose families are at least partially unable to provide for such services, and who meet the program's criteria. CHC staff determine financial and medical eligibility. An eligible child is one who is under 18 years of age (under age 21 if funding allows,) who has a disabling physical impairment (either congenital or acquired) or who has other conditions known to produce such physical impairments. Services are provided in a community setting by nurses, social workers, care coordinators, and support staff.

CHC provides medical and surgical treatment, therapies, appliances, medications, and care coordination. All medical specialty services for children must be prior approved by CHC service teams.

Any person or organization may refer a child to CHC for diagnosis and recommendations for treatment. CHC staff assist with the application process, which may occur at a DHS county office, designated hospitals or other DDS locations. CHC staff opens a case record, develops a treatment plan, and coordinates services.

SFY 2021

GOALS AND SERVICES

Home and Community Based Services (HCBS) Waiver

This section administers the Community Employment Supports (CES) program under a 1915(c) HCBS Medicaid Waiver, collects and analyzes data, develops policy, remediates problems, and participates in the Waiver Quality Management System as required by the Centers for Medicare and Medicaid Services. Administration of this program includes approval of a Person-Centered Service Plan, oversight of plan budget, case review, and prior service authorization. People of any age may apply for services under this program. Service specialists who assist individuals, families, and providers are located in various county offices across the state.

Residential Services

Five state-operated residential facilities, known as Human Development Centers, are located across the state.

FIRST CONNECTIONS SECTION

Services to Infants and Toddlers (Ages: Birth to Three) a.k.a The First Connections Program

The Part C First Connections Program provided Early Intervention Services to 2,115 children. This program
under the direction of the United States Office of Special Education Programs (OSEP) serves infants and
toddlers ages 0 to 3 in their natural environment. A natural environment as defined by Part C of the
Individuals with Disabilities Education Act (IDEA) is a setting that is natural or typical for a same-aged infant or
toddler without a disability and may include: their home, community, or other settings that are typical for an
infant or toddler without a disability.

First Connections Early Intervention-Part C Services provided during the year:

Employment Initiatives

As part of the DDS commitment to excellence, DDS recognizes and supports the national and state efforts to increase employment opportunities for individuals with disabilities. DDS initiatives include:

- Business membership in Arkansas Chapter of National Association of Persons Supporting Employment First (APSE)
- DOL Community of Practice Working across agencies to increase employment opportunities by identifying and addressing barriers, and sharing resources.
- State Agency Model Employee (SAME) Seeks to establish a more diverse and inclusive workforce within state government. DHS/DDS is leading by example in making employment for Arkansans with disabilities a reality by becoming a State Agency Model Employer. Through this initiative, DDS hired nine (9) individuals with ID/DD in various DDS temporary extra help positions. The SAME project has been greatly impacted by COVID and as of today, we have two (2) SAME workers that are still employed. We also have one individual who was originally hired in the SAME project to obtain full-time employment with a sister agency where she continues to be employed as a regular state employee. As the impact of COVID begins to lessen and workforce shortages begin to ease, we anticipate that we will again be able to recruit and retain employees in this program.

HUMAN DEVELOPMENT CENTER (HDC) STATISTICAL REPORT

The Division of Developmental Disabilities Services currently operates five human development centers at Arkadelphia, Booneville, Conway, Jonesboro, and Warren. The centers provide an array of services based on the needs of the individuals residing at the facilities. The goal of each center is to allow the people served at the facility to advance to his or her maximum potential. The centers are licensed by the Office of Long Term Care and all five centers are currently certified by the Commission on Accreditation of Rehabilitation Facilities, an international accrediting organization which focus on the quality of service offered by residential and non-residential service systems.

INTRODUCTION

The Division of Medical Services (DMS) helps provide necessary medical care to the most vulnerable Arkansans by administering programs within Medicaid under the direction of the Department of Human Services (DHS).

Medicaid

Medicaid is a joint federal-state program that provides medical assistance for eligible individuals based on financial need and/or health status. Medicaid furnishes medical assistance to those who have insufficient incomes and resources to meet the costs of necessary medical services. It also provides rehabilitative and other services to help families and individuals become or remain independent and able to care for themselves.

The Department of Human Services (DHS) is the single state agency authorized and responsible for regulating and administering the program. DHS administers the Medicaid Program through the Division of Medical Services (DMS). The Centers for Medicare and Medicaid Services (CMS) administers the Medicaid Program for the U.S. Department of Health and Human Services. CMS authorizes federal funding levels and approves each state's State Plan, ensuring compliance with federal regulations. Individuals are certified as eligible for Medicaid services by DHS Field Staff located in DHS County Offices or by District Social Security Offices.

A list of covered services can be found on page DMS-13 of this publication. Mandatory services are required by the federal government. Optional services are those which the state has elected to provide. Many of these optional services enable beneficiaries to receive care in less costly home or community-based settings. Optional services are approved in advance by CMS and are funded at the same level as mandatory services.

Long-Term Care

Each year, more than 25,000 Arkansans who have chronic, long-term medical needs require services in long-term care facilities. These individuals live in approximately 225 nursing facilities and 41 intermediate care facilities for the Individuals with Intellectual Disabilities that are licensed to provide long-term care services in Arkansas.

Improving the quality of life for residents and protecting their health and safety through enforcing state and federal standards are primary goals of the Division of Provider Services and Quality Assurance (DPSQA). Using qualified health care professionals, DPSQA inspects all facilities to ensure residents receive the care they need in a clean, safe environment and that they are treated with dignity and respect.

The Division of Provider Services and Quality Assurance (DPSQA) also surveys Adult Day Care, Adult Day Health Care, Post Acute Head Injury Facility, Residential Care Facilities, and Assisted Living Facilities. In addition to surveying facilities, DPSQA administers the Nursing Home Administrator Licensure program, Criminal Background program, Certified Nursing Assistant registry and training program, processes Medical Needs Determinations for Nursing Home and Waivers and operates a Complaints Unit.

These programs are designed to serve Arkansans throughout the state. The following pages highlight the State Fiscal Year 2021 performance of these programs through financial, utilization data, and narrative.

SERVICES COVERED BY ARKANSAS MEDICAID

How is Arkansas Medicaid Administered?

The Arkansas Department of Human Services administers the Arkansas Medicaid program through the Division of Medical Services. Arkansas Medicaid is detailed in the Arkansas Medicaid State Plan, Arkansas Medicaid Waiver Programs and through provider Manuals. The Centers for Medicare and Medicaid Services (CMS) administers the Medicaid Program for the U.S. Department of Health and Human Services. CMS authorizes federal funding levels and approves each state's State Plan and Waivers to ensure compliance with human services federal regulations.

What Services are Covered by Arkansas Medicaid?

Mandatory Services

Child Health Services (EPSDT) Early and Periodic Screening, Diagnosis and Treatment	Under Age 21
ranny Flanning Services and Supplies	
Federally Qualified Health Center (FQHC)	All Ages
Home Health Services	All Ages
Hospital Services - Inpatient and Outpatient	All Ages
Laboratory and X-Ray	All Ages
Certified Nurse-Midwife Services	All Ages
Medical and Surgical Services of a Dentist	All Ages
Nurse Practitioner (Pedietrie Fredit, Objective C	All Ages
Nurse Practitioner (Pediatric, Family, Obstetric-Gynecologic and Gerontological) Nursing Facility Services	All Ages
Physician Services	Age 21 and Older
Rural Health Clinic (RHC)	All Ages
	All Ages
Transportation (to and from medical providers when medically necessary)	All Ages

Optional Services

Ambulatory Surgical Center Services		
Audiological Services	All Ages	
Certified Registered Nurse Anesthetist (CRNA) Services	Under Age 21	
Early Intervention Day Treatment (EIDT)	All Ages	
Chiropractic Services	Under Age 21	
Dental Services	All Ages	
Adult Developmental Day Treatment (ADDT)	All Ages	
Developmental Rehabilitation Services	Pre-School and Age 18 and Older	
Domiciliary Care Services	Under Age 3	
Durable Medical Equipment	All Ages	
Pd-Stage Renal Disease (CODD) E 11/1	All Ages	
End-Stage Renal Disease (ESRD) Facility Services	All Ages Under Age 21	
Tospice Services		
Typeralimentation Services	All Ages	
ndependentChoices	All Ages	
	Age 18 and Older	
npatient Psychiatric Services	Under Age 21	
ntermediate Care Facility (ICF) Services	All Ages	
icensed Mental Health Practitioner Services	Under Age 21	
Andical Supplies	All Ages	
ledicare Crossovers	All Ages	
ursing Facility Services	Under Age 21	
Occupational, Physical and Speech Therapy Services	Under Age 21	

SERVICES COVERED BY ARKANSAS MEDICAID

Optional Services

Orthotic Appliances	All Ages
PACE (Program of All-Inclusive Care for the Elderly)	Age 55 and Older
Personal Care Services	All Ages
Podiatrist Services	All Ages
Portable X-Ray	All Ages

Pregnant Women	All Ages
Ventilator Equipment	All Ages
Visual Care Services	All Ages

Waivers Approved by the Centers for Medicare and Medicaid Services

ARChoices	Age 21 and Older, who without the waiver services would require an intermediate level of care in a nursing home; Individuals ages 21 through 64 must have a physical disability as determined through Social Security Administration or
Autism Waiver	Age 18 Months through 6 years
Developmental Disabilities Services (DDS/Alternative Community Services)	All Ages
Health Care Independence (Arkansas Works)	Childless Adults Age 19-64 and Parent/Caretakers 19-64
Living Choices (Assisted Living)	Age 21 and Older
Non-Emergency Transportation	All Ages
TEFRA	Under Age 19

What Services are Covered by Arkansas CHIP?

ARKids-B

Age 0-18, Unborn Child

SERVICES COVERED BY ARKANSAS MEDICAID

Benefit Limitations on Services

The Arkansas Medicaid Program does have limitations on the services that are provided. The major benefit limitations on services for adults (age 21 and older) are as follows:

- 12 visits to hospital outpatient departments allowed per State Fiscal Year (SFY).
- A total of 12 office visits allowed per SFY for any combination of the following: certified nurse-midwife, nurse practitioner, physician, medical services provided by a dentist, medical services furnished by an optometrist and Rural Health Clinics.
- 1 basic family planning visit and 3 periodic family planning visits per SFY. Family planning visits are not counted toward other service limitations.
- Lab and X-Ray services limited to total benefit payment of \$500 per SFY for outpatient services, except for Magnetic Resonance Imaging and cardiac catheterization and for Early and Periodic Screening, Diagnosis and Treatment (EPSDT) beneficiaries.
- 3 pharmaceutical prescriptions are allowed per month. (Family planning and tobacco cessation prescriptions are not counted against benefit limit.) Extensions are considered up to a maximum of 6 prescriptions per month for beneficiaries at risk of institutionalization. Unlimited prescriptions are allowed for nursing facility beneficiaries and EPSDT beneficiaries under age 21. Beneficiaries receiving services through the Living Choices Assisted Living waiver may receive up to 9 medically necessary prescriptions per month. Medicare-Medicaid beneficiaries (dual eligible) receive their drugs through the Medicare Part D program as of January 1, 2006.
- Co-insurance: Some beneficiaries must pay 10% of the first Medicaid-covered day of a hospital stay.
- Beneficiaries in the "Working Disabled" aid category must pay 25% of the charges for the first Medicaid-covered day of inpatient hospital services and must also pay co-insurance for some additional services.
- Beneficiaries 18 years and older (except long term care) must pay \$.50 \$3 of every prescription drug, and \$2 on the dispensing fee for prescription services for eyeglasses. Beneficiaries in the Working Disabled aid category must pay a higher co-payment for these services and also must pay co-payments for some additional services.

Additional Information for Limitations Relating to Children

The families of some children with Medicaid coverage are responsible for co-insurance, copayments, or premiums.

- Co-insurance: ARKids First-B beneficiaries must pay 10% of the charges for the first Medicaid-covered day of inpatient hospital services and must also pay \$10 per visit co-insurance for outpatient hospital services and 10% of Medicaid allowed cost per Durable Medical Equipment item.
- Co-payments: ARKids First-B beneficiaries must pay a co-payment for most services, such as \$10 for most office visits and \$5 per prescription (and must use generic drugs'). ARKids First-B beneficiaries' annual cost-sharing is capped at 5% of the family's gross annual income after State allowable income disregards.
- Premiums: Based on family income, certain Tax Equity Fiscal Responsibility Act (TEFRA) beneficiaries whose custodial parent(s)' income is in excess of 150% of the Federal Poverty level must pay a premium. TEFRA beneficiaries whose custodial parent(s)' income is at or below 150% of the Federal Poverty level cannot be assessed a premium.

NOTE: Any and all exceptions to benefit limits are based on medical necessity.

MEDICAID ADMINISTRATIVE UNIT DESCRIPTIONS

Program Development and Quality Assurance (PD/QA)

The PD/QA Unit develops and maintains the Arkansas Medicaid State Plan, leads the development and research of written policy in rules and manuals for new programs, oversees contractor technical writing of provider policy manuals, coordinates the approval process through both state and federal authorities and coordinates efforts in finalizing covered program services. The PD/QA Unit also leads development of new waiver programs and the resulting provider manuals. Because the Division of Medical Services has administrative and financial authority for all Arkansas Medicaid waiver programs, PD/QA is responsible for monitoring the operation of all Arkansas Medicaid waiver programs operated by other Divisions. PD/QA assures compliance with the Centers for Medicare and Medicaid Services (CMS) requirements for operating waiver programs and monitors for key quality requirements.

The PD/QA Unit also develops and maintains the Arkansas Child Health Insurance Program (CHIP) State Plan. PD/QA is responsible for coordinating the development and research of new 1115(a) demonstration waivers for the oversight of contractor technical writing of any provider policy manuals that may be developed for demonstration waiver programs, for the completion of initial and renewal request applications for 1115(a) demonstration waiver programs and ensuring that they are completed within federal guidelines, and for coordination of the approval process through both state and federal requirements.

Quality Assurance Activities for waiver programs include:

- · Leading development of new waivers programs.
- Communicating and coordinating with CMS regarding waiver program activities and requirements, including the required renewal process.
- Providing technical assistance to operating agencies regarding waiver program policies, procedures, requirements and compliance.
- Performing case reviews, data analysis, and oversight activities to help identify problems and assure remediation for compliance with CMS requirements.
- Developing QA strategies and interagency agreements for the operation and administration of waiver programs and
- Developing provider manuals for waiver programs.

Medicaid Information Management (MIM)

The Medicaid Information Management (MIM) Unit is responsible for the operations and support of the Medicaid Management Information System (MMIS) which processes all Medicaid claims and provides Medicaid data for program management, research and care planning activities. The Unit serves as the customer support center in maintaining and operating the Information Technology (IT) infrastructure for the Division, including the Medicaid websites.

For State Fiscal Year 2021, MIM received 16 Security Advisory Committee data requests and the Decision Support Lab output 2,319 reports. The reports produced include information requested by the Arkansas Legislature, Governor's office, press and other private entities seeking Medicaid performance and participation metrics. MIM works diligently to fulfill these requests while respectfully protecting the privacy of our members.

Arkansas Medicaid Enterprise (AME) Project Management Office

The Medicaid Management Information System (MMIS) Replacement Project, chartered by the Division, is to implement a new core MMIS, pharmacy point of sale, data warehouse, and decision support system that will modernize existing system functions and significantly enhance the goals of the MMIS, ensuring that eligible individuals receive the health care benefits that are medically necessary and that providers are reimbursed promptly and efficiently.

The data warehouse and Fraud and Abuse Detection sub-system for Program Integrity went into production in February of 2015 under a contract with Optum Government Solutions.

The Pharmacy system under Magellan Health went into production in March of 2015. The system has paid more than 6.3 million claims in SFY21 (July 1, 2020 - June 30, 2021) totaling over \$541 million.

The new Core MMIS design, development, and implementation contract went into production on November 1, 2017 with Hewlett Packard Enterprise / DXC. The new Core system processed over 25.7 million claims in SFY21.

MEDICAID ADMINISTRATIVE UNIT DESCRIPTIONS

Medicaid Information Management

Data Analytics

The Medicaid Statistical Analytics and Management Unit is responsible for developing and managing workflow processes and projects related to Medicaid data. The unit evaluates new technologies to introduce to the Division in an effort to create efficiencies in time and effort as well as developing and overseeing the Department of Human Services Enterprise Change Control Management

Services and Support

The Services and Support unit serves as the Division liaison with our Federal partner the Centers for Medicare and Medicaid Services (CMS). The unit creates and provides the Federal documentation necessary for Medicaid to receive Federal funding for all IT projects.

Federal funding provided by CMS is approved, allocated and tracked based on the Federal Fiscal Year (FFY) (October 1 – September 30). For FFY 2021 (Oct. 2020 – Sept. 2021), CMS approved over \$160,701,294 towards the costs of various DHS Medicaid IT projects.

Medicaid Data Security Unit

The Medicaid Data Security Unit works with the DHS Privacy Officer on Health Insurance Portability and Accountability Act (HIPAA) compliance in order to maintain the privacy and security of patient information and assist contractors with adhering to DHS policies and procedures. The Security Unit also monitors and performs technical audits on contractors and researchers who use Medicaid data. A Data Security Committee evaluates requests to use Medicaid data for research projects and publications to ensure HIPAA compliance.

Third Party Liability and Estate Recovery

As the payer of last resort, federal and state statutes require Medicaid agencies to pursue third party resources to reduce Medicaid payments. One aspect of Arkansas Medicaid cost containment is the Third Party Liability Unit of Administrative Support. This unit pursues third party resources (other than Arkansas Medicaid) responsible for health care payments to Arkansas Medicaid beneficiaries. These sources include health and liability insurance, court settlements, absent parents and estate recovery. The savings for State Fiscal Year (SFY) 2021 were as follows:

	SFY 2021
Other Collections (Health & Casualty Insurance, Estate Recovery, Miller Trusts and Small Estates)	\$ 21,494,075.31
Cost Avoidance (Health Insurance)	\$ 13,241,102.60
Total Savings	\$ 34,735,177.91

Utilization Review

The Utilization Review (UR) section administers multiple medical programs and services. UR monitors the contracted Quality Improvement Organizations' (QIO) performance for quality assurance. UR administers the following programs and activities:

- Pre- and Post-Payment reviews of medical services;
- Prior authorization for Private Duty Nursing, hearing aids, hearing aid repair and wheelchairs;
MEDICAID ADMINISTRATIVE UNIT DESCRIPTIONS

Utilization Review

- Prior authorizations and extension of benefits for the following programs: In-patient and Out-patient Hospitalization, Emergency room utilization, Personal Care for beneficiaries under the age of 21, Child Health Management Services, Therapy, Transplants, Durable Medical Equipment and Hyperalimentation services;
- · Out-of-state transportation for beneficiaries for medically necessary services/treatment not available in-state;
- Assure compliance of health care coverage benefits as required by regulation, rules, laws and local policy coverage determinations;
- · Review of documentation supporting the medical necessity of requested services;
- · Analysis of suspended claims requiring manual pricing;
- · Review of billing and coding;
- Assist interdepartmental units and other agency divisions regarding health care determinations related to specific rules, laws and policies affecting program coverage;
- Review of evolving medical technological information and contribute to policy changes and program coverage benefits related to specific program responsibility;
- · Analysis of information concerning reimbursement issues and assist with resolutions;
- · Represent the department in workgroups at the state and local level;
- Conduct continuing evaluations and assessments of performance and effectiveness of various programs;
- · Interact with provider groups and levels of federal and state government, including the legislature and governor's office and
- · Participate in both beneficiary and provider appeals and hearing process.

SUMMARY

* DMS-35, a temporary lift of the requirements for Prior Authorization (PA) for incontinence supplies was in effect from April 24, 2020, until May 31, 2021.

**AFMC/Eye Prosthetics are included in the DME total.

Starting July 2019 the Beneficiary EOB hearings were not calculated in DMS UR. The department also calculated the attended hearings differently starting June 2020. Prior to June 2020 the department did not include hearings attended. If the respondent did not show or if the case was dismissed by the ALJ after the hearing was initiated.

**Beginning April 24, 2020 prior auth requirement for certain DME/Incontinence Supplies items were suspended in response to Covid-19. Suspension was retroactively applied to dos beginning 4/16/2020

*** Home Health program was placed under RN for review of requests, moving forward with pending manual updates

MEDICAID ADMINISTRATIVE UNIT DESCRIPTIONS

Program and Provider Management

Behavioral Health Programs

The Behavioral Health Unit is responsible for administering the Arkansas Medicaid behavioral health programs. This unit researches and analyzes proposed policy initiatives, encourages stakeholder participation and recommends revisions to policy and programming. Other responsibilities include monitoring the quality of treatment services, prior authorization and benefit extension procedures by performing case reviews, data analysis and procedural activities to identify problems and assure compliance with Arkansas Medicaid rules and regulations. These responsibilities are accomplished through the negotiation, coordination and assessment of the activities of the Behavioral Health utilization and peer review contracts. In addition to its role in auditing behavioral health programs, the peer review contractors develop and implement technical training and educational opportunities to providers. These opportunities are designed to assist providers in evaluating and improving their programs to offer the highest quality of care to Arkansas Medicaid beneficiaries. The Behavioral Health Unit further collaborates and supports other Department of Human Services divisions to design and implement a statewide transformation of the current behavioral health system in concurrence with implementation of the Provider-Led Arkansas Shared Savings Entity initiative. The overarching goal of the Behavioral Health Unit is to be instrumental in the development of a successful, efficient and quality-driven system of care.

Provider Enrollment and Vision and Dental Programs

In addition to directly managing and administering the Medicaid and ARKids Vision and Dental programs, this unit is responsible for other administrative requirements of the Medicaid program such as: provider enrollment, provider screening, and deferred compensation. The unit also directly responds to concerns and questions of providers and beneficiaries of Arkansas Medicaid and ARKids services.

Electronic Health Records Unit (EHRU)

Arkansas Medicaid administers a financial incentive payments to providers, ensuring proper payments through auditing and monitoring, and participating in statewide efforts to promote interoperability and meaningful use of Electronic Health Records (EHR) beginning 2011. The HIT provision of the American Recovery and Reinvestment Act (ARRA) of 2009 afford states and their Medicaid providers an opportunity to leverage existing HIT efforts to achieve the vision of interoperable information technology for health care.

Under the direction of the Electronic Health Record Unit (EHRU), classes of Medicaid professionals are eligible to receive Medicaid incentive payments. Eligible professionals (EPs) include physicians, dentists, certified nurse-midwives, nurse practitioners, and physician assistants who are practicing in Federally Qualified Health Centers (FQHCs) or Rural Health Clinics (RHCs). Eligible hospitals that may participate are acute care hospitals and children's hospitals. To receive the Medicaid financial incentive, providers must be able to demonstrate certified adoption, implementation, or upgrading of EHR technology, followed in subsequent years by demonstrated meaningful use. Payments or reimbursements of up to \$42,500 may be provided to offset the cost associated with implementing an EHR system to a participating clinic.

The EHRU's key function is to coordinate oversight for providers statewide by addressing issues that arise from the EHR incentive payment program. The EHRU identifies areas of risk in the eligibility determination, meaningful use, and payment processes and reviews that will mitigate the risk of making an improper payment. The EHRU conduct audits of providers attestation forms for eligibility, validation of meaningful use, and conducting post and pre-payment reviews."

Primary Care Initiatives

Patient-Centered Medical Home and Transportation Programs

This unit manages multiple programs and services, primarily the Patient Centered Medical Homes program and Primary Care Case Management Program known as ConnectCare. The unit also manages several quality improvement projects such as the Centers for Medicare and the Inpatient Quality Incentive program. The unit directly administers the Early and Periodic Screening, Diagnosis and Treatment (EPSDT), ARKids First-B, CHIP, TEFRA, and Non-Emergency Transportation programs.

MEDICAID ADMINISTRATIVE UNIT DESCRIPTIONS

Program and Administrative Support

Contract Oversight

The contract Monitoring Unit oversees all contracts involving the Division of Medical Services and Arkansas Medicaid. The unit reviews the contracts to ensure the requirements for each contract are capable of being measured. The unit performs audits to review required documentation and to ensure the contractor is providing their services directed under the contract.

Financial Activities

The Financial Activities Unit of the Division of Medical Services (DMS) is responsible for the Division's budgeting and financial reporting, including the preparation of internal management reports and reports to federal and state agencies. This unit also handles division-level activities related to accounts payable, accounts receivable and purchasing, as well as activities to secure and renew administrative and professional services contracts. The Financial Activities Unit regularly responds to legislative audit requests and special reports for executive is1,066 invoices for a total of \$295,989,597. In addition to this they process foster care Medicaid travel reimbursements and Medicaid travel when clients are required to see physicians out of state.

Program Budgeting and Analysis

Program Budgeting and Analysis develops the budgets for all of Arkansas' Medicaid waiver renewals and newly proposed Arkansas Medicaid waiver programs. Depending on the type of waiver that is being renewed or proposed budget neutrality, cost effectiveness or cost neutrality is determined.

In addition to waiver budgeting, Program Budgeting and Analysis analyzes Arkansas Medicaid programs to determine whether each program is operating within their budget and if program changes should be considered. This unit also performs trend and other financial analysis by type of service, provider, aid category, age of beneficiary, etc.

Provider Reimbursement

Provider Reimbursement develops reimbursement methodologies and rates, identifies budget impacts for changes in reimbursement methodologies, coordinates payments with the Arkansas Medicaid Fiscal Agent and provides reimbursement technical assistance for the following Arkansas Medicaid providers:

- Institutional The Institutional Section is responsible for processing: all necessary cost settlements for in-state and border city Hospitals, Residential Treatment Units and Federally Qualified Health Clinics; calculating and reimbursing annual hospital Upper Payment Limit amounts, hospital quality incentive payments and hospital Disproportionate Share payments; calculating per diem reimbursement rates for Residential Treatment Centers; processing and implementing all necessary rate changes within Medicaid Management Information System for the above named providers and processing all necessary retroactive reimbursement rate change mass adjustments for these providers.
- Non-Institutional –The Non-Institutional Section is responsible for the maintenance of reimbursement rates and assignment of all billing codes for both institutional and non-institutional per diems, services, supplies, equipment purchases and equipment rental for the following providers: Physician, Dental, Durable Medical Equipment, ARKids, Nurse Practitioner, Certified Nurse-Midwife, Child Health Management Services, Developmental Day Treatment Clinic Services, Other.
- Long Term Care (LTC) The LTC Section reviews annual and semi-annual cost reports submitted by Nursing
 Facilities and Intermediate Care Facilities for Individuals with Intellectual Disabilities. The cost reports are
 reviewed for compliance with applicable state and federal requirements and regulations, including desk and onsite reviews. The LTC Section maintains a database of the cost report information, which is used to evaluate cost
 and develop reimbursement methodologies and rates. The LTC Section is also responsible for processing all
 necessary retroactive reimbursement rate change mass adjustments for these providers.

MEDICAID ADMINISTRATIVE UNIT DESCRIPTIONS

Health Care Innovation

The Health Care Innovation (HCI) Unit was responsible for coordinating the operations and activities to design the Arkansas Health Care Payment Improvement Initiative (AHCPII) and service delivery systems. The unit works with multi-payers, staff and contractors to design and deliver/implement two primary types of population-based health care payment systems:

>Retrospective Episodes of Care for acute conditions; and

>Patient Centered Medical Homes for chronic conditions.

In addition, HCI works to develop and coordinate improved payment systems infrastructure requirements and to facilitate stakeholder, provider and beneficiary engagement through the APII.

Patient-Centered Medical Homes (PCMH), while not a physical location, embody prevention and wellness efforts of patient-centered and coordinated care across all provider disciplines. With the goal of promoting and rewarding prevention and early intervention, a coordinated team-based care and clinical innovation results in more efficient delivery system of high-quality care.

PCMHs help achieve Arkansas's triple aim: improving population health, enhancing the patient experience, and controlling the cost of care. PCMHs seek to do this by investing more in primary care. This means higher take-home pay for PCPs, and smoother practice processes and workflows.

The Arkansas Medicaid PCMH Program turned out to be a great success as illustrated by the following table:

* This total represents the number of medical practices that are eligible to participate in the PCMH Program. These practices are in the Medicaid Primary Case Management program and have at least 150 beneficiaries attributed to them.

** This total represents the number of primary care physicians that are associated with these practices.

*** This total represents the number of Medicaid beneficiaries that are assigned to these practices through the Medicaid Primary Case Management program.

In 2011, Arkansas Medicaid through the Health Care Innovation (HCI) unit started the process to transform Arkansas' health care and payment system to a higher-quality and more cost-efficient system of care. Called the Arkansas Health Care Payment Improvement Initiative (AHCPII), this collaboration included many of the major private commercial

Working closely with hundreds of physicians, hospital executives, patients, families and advocates, the collaborators worked for nearly a year to design and build the new payment system. The result was a bold initiative tailored to the needs of Arkansas patients and providers. The initiative launched the first Episode of Care (EOC) in 2012, the Patient Centered Medical Home (PCMH) soon followed, and in 2017, Arkansas Medicaid launched the first Medical Neighborhood Performance Reports. This year, the initiative continues to evolve and expand into various value-based payment models and informational transparency efforts.

The Episodes of Care was phased out during SFY2020 and SFY2021 terminating all Episodes of Care.

Continuity of Care and Coordination of Coverage

The Continuity of Care and Coordination of Coverage unit is responsible for coordinating DMS efforts in the implementation of the Health Care Independence Program and assisting with coordination of coverage for enrollees as they move in and out of Medicaid and transition to private health insurance programs. Additionally, this unit supports other Medicaid initiatives and coordinates with all areas within DMS, several other DHS Divisions, and other State agencies.

PRESCRIPTION DRUG PROGRAM

The Prescription Drug Program, an optional Arkansas Medicaid benefit, was implemented in Arkansas in 1973. Under this program, eligible beneficiaries may obtain prescription medication through any of the 911 enrolled pharmacies in the state. During State Fiscal Year (SFY) 2021, a total of 639,212 Arkansas Medicaid beneficiaries used their prescription drug benefits. A total of 4.50 million prescriptions were reimbursed by Arkansas Medicaid for a cost of \$397 million dollars, making the average cost per prescription approximately \$88.70. An average cost for a brand name prescription was \$466.03, representing 15.16% of the claims and accounting for 78.52% of expenditures. The average cost for a generic prescription was \$22.37, representing 84.4% of claims and accounting for 21.48% of expenditures.

The Prescription Drug Program restricts each beneficiary to a maximum of 3 prescriptions per month, with the capability of receiving up to 6 prescriptions by prior authorization. Beneficiaries under 21 years of age and certified Long Term Care beneficiaries are not restricted to the amount of prescriptions received per month. Persons eligible under the Assisted Living Waiver are allowed up to 9 prescriptions per month.

Beginning January 1, 2006, full benefit, dual-eligible beneficiaries began to receive drug coverage through the Medicare Prescription Drug Benefit (Part D) of the Medicare Modernization Act of 2003, in lieu of coverage through Arkansas Medicaid. Arkansas Medicaid is required to pay the Centers for Medicare and Medicaid Services (CMS) the State Contribution for Prescription Drug Benefit, sometimes referred to as the Medicare Part D Clawback. This Medicare Part D payment for SFY 2021 was \$44,094,675.

Arkansas Medicaid reimbursement for prescription drugs is based on ingredient cost and a professional dispensing fee. Ingredient costs are established and based on the lesser of methodology using the National Average Drug Acquisition Cost (NADAC), Federal Upper Limit, Usual and Customary, or State Actual Acquisition Cost (SAAC). Arkansas Medicaid has a professional dispensing fee of \$9.00 for brand and non-preferred brand medications and \$10.50 for generic and preferred brand medications as established by the Division of Medical Services and approved by CMS. The professional dispensing fee is based upon surveys that determine an average cost for dispensing a prescription. The following table shows the average cost per prescription drug in the Arkansas Medicaid Program.

AVERAGE COST PER PRESCRIPTION DRUG SFY 2009-2021

***Decrease in 2020 is due to clients transitioning to the PASSE program.

ANALYSIS OF PRIVATE FACILITY EXPENDITURES

Arkansas Medicaid is a major provider of private nursing facility services, accounting for approximately 74.8% of all occupied beds.

UTILIZATION CONTROL AND NURSING FACILITY PAYMENT CLASSIFICATIONS

The number of Medicaid recipients in nursing facilities has remainded realitively the same over the past 5 years, while the estimated over-age-85 population has increased by approximately 5.7% during the same period. With the continued expansion of home and community based programs, those whose needs can be met in their own homes will continue to choose that option.

SFY 2021

The Division of Provider Services and Quality Assurance (DPSQA) is structured to centralize home and community-based and long-term care provider certification, licensure, inspections, incident/complaint investigations, and quality assurance with a focus on streamlining and improving interactions with providers and ensuring the services our clients receive are of high quality.

DPSQA is organized into three complimentary work units: The Office of Long Term Care, the Community Services Licensure/Certification unit, and the Quality Assurance and Provider Engagement unit. While each work unit serves a unique role within the division, all units work collaboratively in a teambased approach.

OFFICE OF LONG TERM CARE

Each year, more than 25,000 Arkansans who have chronic, long-term medical needs require services in long-term care facilities. These individuals live in approximately 224 nursing facilities, 41 intermediate care facilities for individuals with intellectual disabilities and 12 psychiatric residential care facilities that are licensed to provide long-term care services in Arkansas.

Improving the quality of life for residents and protecting their health and safety through enforcing state and federal standards are primary goals of the Office of Long Term Care (OLTC). Using qualified health care professionals, OLTC inspects all facilities to ensure residents receive the care they need in a clean, safe environment and that they are treated with dignity and respect.

While ensuring the safety of residents during the COVID-19 pandemic the OLTC preformed 1,300 Focused Infection Control surveys along with 1,118 complaint surveys in Arkansas long term care facilities. In addition to its role inspecting long-term care facilities, OLTC provides training and educational opportunities to various health care providers to help ensure that facilities provide the highest level of care possible to long-term care residents. With COVID-19 Pandemic keeping everyone so busy, our training opportunities were very limited.

SFY 2021

OFFICE OF LONG TERM CARE (cont)

Since 1990, the federal long-term care program has had two levels of facility care under Medicaid. These levels of care are nursing facility services and intermediate care facility services for individuals with an intellectual disability (ICF/IID). Arkansas classifies state-owned facilities as public and all others as private. The Arkansas Health Center is a public nursing facility. The ICF/IID population is divided into the five (5) state-owned Human Development Centers, five (5) private pediatric facilities, and 31 facilities with fifteen (15) or less beds serving adults. The nursing facilities include one (1) public and two hundred and twenty-three (223) private under Medicaid.*

The Medical Need Determination Unit processed approximately 2,400 Arkansas Medicaid Nursing Homes and Intermediate Care Facilities for the Individuals with Intellectual disability applications per month during SFY21. The unit processed12,375 assessments; 3,800 reassessments; 2221 changes of condition requests; 490 transfers; approx. 3,775 PASRR requests; 3,083 hospice reviews; and completed 2147 TEFRA applications along with 95 Autism waiver applications.

The OLTC Complaint Unit staffs a registered nurse, and a licensed social worker who record the initial intake of complaints against long-term care facilities. When this occurs, the complaint unit collaborates with the Survey & Certification unit who performs an on-site complaint investigation. The units are often able to resolve the issues to the immediate satisfaction of the involved parties. The unit received 1,118 nursing home complaints during SFY21 regarding care or conditions in facilities.

DPSQA Complaint Unit: (501) 320-6241 OLTC Complaint Hotline: (800) 582-4887

*There is one additional private facility that does not receive Medicaid funding.

SFY 2021

OFFICE OF COMMUNITY SERVICES

The Community Services Licensure and Certification work unit provides similar functions to the Office of Long Term Care, although this unit is focused on improving the quality of life for home- and community-based (HCBS) clients and protecting their health and safety through enforcing state and federal standards. Using qualified professionals, this unit monitors all home- and community-based providers to ensure clients receive the services they need in a clean, safe environment and that they are treated with dignity and respect.

HCBS providers deliver an array of services that allow their clients to age in place or receive services in the least restrictive setting. The populations served by HCBS providers include the aging and physically disabled, individuals with intellectual and developmental disabilities, and individuals with mental health needs. These populations are served by the types of providers listed on the next page.

The HCBS Complaint Unit records the initial intake of complaints against home- and community-based providers. Complaints are prioritized and an onsite complaint investigation occurs. Staff are often able to resolve the issues with the immediate satisfaction of the involved parties. The unit received 597 complaints during SFY21.

SFY 2021

QUALITY ASSURANCE AND PROVIDER ENGAGEMENT

The Quality Assurance and Provider Engagement work unit supports the Office of Long Term Care and the Community Services Licensure and Certification work unit by serving as the lead for policy development and contract management, training providers on policy and program requirements, and serving as a resource to the public at large. This work unit also assists in processing criminal record checks for both long-term care and HCBS providers, reviewing and tracking self-reported incidents submitted by long-term care and HCBS providers, approving and monitoring Certified Nursing Assistant training programs across the state, tracking and processing licensure applications for Nursing Home Administrators, monitoring and quality control for the Independent Choices, self-direction program, training and monitoring for providers serving clients under Part VI-B of the Individuals with Disabilities Education Act, and tracking and responding to Freedom of Information (FOI) requests.

Provider and stakeholder outreach and engagement occurs through various channels including one-on-one technical assistance, provider eblasts/newsletters, presentations at provider association/membership meetings, regional town hall meetings, and webinars. The webinars and town hall meetings are supported through a contract with the Arkansas Foundation for Medical Care to provide training and technical assistance to both the long-term care and home- and community-based providers.

SFY 2021

QUALITY ASSURANCE AND PROVIDER ENGAGEMENT (cont)

The Alternatives Plus unit ensures the civil rights of Arkansas nursing facility residents, as mandated by the 1999 Supreme Court Olmstead Decision. The Alternatives Plus unit provides options counseling to nursing facility residents at their request. Options counseling is provided during an initial in-person meeting between a member of the Alternatives Plus unit and the resident or the resident's representative to discuss the resident's goals of transitioning to a least restrictive community environment. Based on the expressed interest of the resident and/or their representative and the resident's consumer choice goal, the Alternatives Plus unit explores, researches, secures, and connects the resident to relevant community resource information. Assistance with completing paperwork for application of services is provided. This unit continues to assist residents until a successful transition occurs. During SFY21, the Alternatives Plus unit successfully transitioned 933 nursing facility residents and received and assisted on 2,914 referrals. The average number of days for this transition period was 52 days.

The Criminal Record Check program applies to licensed long-term care facilities (nursing facilities and ICF/IID), HCBS providers serving the aging and physically disabled population (Adult Day Care, Adult Day Health Care, and Assisted Living Facilities), developmental disability waiver (CES) providers, and the Independent Choices, self-direction program. During SFY21, the unit processed 30,011 "state" record checks and 8,461 "federal" record checks for long-term care providers. A total of 453 disqualifications were issued as a result of both the state and federal record checks for long term care employees. In addition, this unit processed 6,449 "state" record checks and 623 "federal" record checks for Community and Employment Support waiver providers. A total of 43 disqualifications were issued. Lastly, this unit processed 822 "state" record checks and 43 "federal" record checks for the Independent Choices (self-direction) program, resulting in 35 caregiver disqualifications.

SFY 2021

QUALITY ASSURANCE AND PROVIDER ENGAGEMENT (cont)

The Certified Nursing Assistant (CNA) Training Program monitoring unit reviews and approves new CNA training programs including verifying instructor credentials, reviewing curriculum and course schedule, reviewing classroom space and materials, and verifying clinical site selections. This unit conducts annual monitoring for these CNA training programs and ad hoc monitoring to follow-up on complaints. During SFY21, there were 345 training/classroom locations across the state. In addition, this unit manages the statewide competency testing services for the CNA training programs and processes reciprocity transfers for Certified Nursing Assistants moving into or out of the state of Arkansas. During SFY20, the vendor contract was transferred from Prometric to D&S Diversified to assist in a more COVID-19 adapted model. D&S Diversified was able to begin testing potential CNAs through a hybrid method of online proctoring of the written exam and providing a social distanced clinical testing method to ensure the health and safety to testers and proctors. D&S Diversified was also contracted to maintain a registry of Certified Nursing Assistants in the state. At the end of SFY21, the Registry for Certified Nursing Assistants (CNAs) contained 27,604 active CNAs. 13,120 certifications were processed during SFY21: 9,744 employment verifications; 2,250 initial/new certifications; 736 reciprocity certifications; and 388 renewal certifications. The Nurse Assistant Training Program staff also processed 3350 reimbursement claims from Long Term Care facilities for 1027 Certified Nursing Assistant students who had confirmed employment after receiving their certification. Total reimbursement amount was \$1,369,807.07.

The Nursing Home Administrator Licensure Unit processed renewals for 499 licensed administrators; reviewed 40 new Nursing Home Administrator license applications; issued 41 new licenses and 4 temporary licenses; and restored 6 licenses. Additionally, this unit administered the state nursing home administrator exam to 44 individuals. During SFY21, the Administrator-in-Training program trained 16 participants.

The FOI unit receives, tracks, and responds to Freedom of Information requests from the general public. See the table on DPSQA-11 for volume of work.

SFY 2021

QUALITY ASSURANCE AND PROVIDER ENGAGEMENT (cont)

Choices in Living Resource Center provides callers with information regarding long-term services and supports programs and services as well as referral to local assistance programs and organizations. The Resource Center targets seniors and adults with disabilities who are at risk of nursing home admission to help them access programs and services that will allow them to remain in the community and live as independently as possible.

Information and Assistance is available to all older persons, their families, and friends. The service includes concrete information about services and benefits and where to obtain them. It may include assistance with referral to an agency providing the service or benefit and a follow-up to see if the service was satisfactory. During SFY21, The Choices in Living Resource Center assisted with 11,184 inquiries.

Outreach - No outreach occurred during SFY21 due to COVID-19. All pre scheduled events were postponed or cancelled due to safety precautions. The Resource Center provides education and awareness of DHS publicly funded programs, including Medicaid Home and Community Based waiver programs, through statewide marketing and outreach at Senior Centers, Senior Health Fairs, and exhibits at various state conferences.

Independent Choices began as a consumer-directed Medicaid waiver for Medicaid eligible person age 18 and older who have a functional need for personal care services. On April 1st, 2008 the IndependentChoices program was approved by CMS as a state plan option within the Medicaid Personal Care Program. CMS also approved two home and community- based waiver services, Attendant Care and personal care, as eligible services offered through the Independent Choices program. This consumer directed service offers a person a monthly budget based on his/her individual assessed need for personal assistance. Eligible persons are able to hire, train, supervise, and pay their own personal care aide and use a portion of their monthly budget to purchase goods and services that lessen human dependency needs. The Independent Choices participant (or his/her designated Representative) will be assisted by a Support Coordinator who will coordinate enrollment, provide skills training, and assist with questions as they arise. The participant receives counseling and financial support services at no additional cost to the participant's budget. The Independent Choices program ended SFY21 serving 2,423 Medicaid clients.

YOUTH

SERVICES

INTRODUCTION

Mission

The mission of the Division of Youth Services is to provide effective prevention, intervention and treatment programs to give opportunities for success to families and children in Arkansas and to ensure public safety. Services will provide alternatives to confinement or commitment to DYS and/or support transition of youth back into their homes, schools and communities. Treatment plans for both youth and families will rely on results of individualized risk and needs assessment, and promote positive growth, educational and vocational development, self-sufficiency, and accountability

<u>Vision</u>

The Arkansas Division of Youth Services works with judges, providers, schools, and other stakeholders to provide a continuum of individualized rehabilitative services and sanctions for at-risk and adjudicated youth and their families. Children and families in Arkansas are safe and have the resources they need in their communities to help them succeed.

<u>Values</u>

This plan is based on a number of shared values and beliefs among stakeholders for juvenile justice reform:

- Youth are best served in least-restrictive settings located close to home, when appropriate, evidence-based rehabilitative service are available and removing youth from the home should be the option of last resort.
- Families, schools, law enforcement and courts need a wide array of service options, including graduated sanctions outside the courtroom.
- Decision-making should be data-driven, and programs and services should be supported by data demonstrating their effectiveness in improving outcomes for youth and families.
- Effective community based services can reduce the use of confinement and commitment to DYS and result in significant fiscal savings in state revenue.
- 5. Treatment and placement decisions should be individualized, based on comprehensive, standardized assessment, and actively involve youth and families in the planning processes.
- 6. All youth in DYS custody should be provided effective education and vocational training opportunities.
- 7. Limited length of stay recommendations should recognize that effectiveness of treatment providing institutional settings is diminished after six months, not withstanding correctional and public safety goals.
- Collaboration with local school districts is critical to successful prevention, aftercare and re-entry for DYS youth.
 Funding allocation correspondential and an entry for DYS youth.
- Funding allocation across residential and community-based services must be rebalanced.
 All children and youth in the state should have equal opportunities for services and success,

without regard to gender, race or ethnicity, disability, geographic location, or income level.

Historic Overview of DYS

Act 199 of 1905 established the first reform schools in Arkansas in Little Rock and Alexander, respectively.

Act 67 of 1917, the Arkansas Boys' Reform School was relocated to Pine Bluff.

Act 60 of 1937 established two additional "training" schools at Wrightsville and Fargo.

In 1968, the Department for Rehabilitative Services was assigned responsibility to administer "training" schools. The Benton Services Center was opened and controlled the diagnosis and intake responsibilities regarding the youth committed to state custody.

In 1971, Act 38 established the Department of Social and Rehabilitative Services (SRS), a forerunner to the current Department of Human Services (DHS). The Office of Juvenile Services was placed under the direction of the Director of SRS. In 1977, the Division of Youth Services was formally created as a division within the present DHS.

In 1985, Act 348 merged the Division of Youth Services with the Division of Children and Family Services until Act 1296 of 1993 reestablished DYS as an independent division within DHS. The Division of Youth Services (DYS) was authorized by Act 1296 to be "devoted entirely to handling the problems of youths involved in the juvenile justice system." DYS became operational in October 1993 and is responsible for client-specific programming and individual treatment programs, serious offender programs for violent youth offenders, providing alternative community-based programming, and other services specified directly by Act 1296.

In 2015, Act 1010 directs the Division of Youth Services of the Department of Human Services to establish the Youth Justice Reform Board to improve the effectiveness of the juvenile justice system and provide oversight of commitment reduction services. The Division of Youth Services and the Board were directed to develop a plan to reduce the use of secure confinement for youth who do not present a serious risk to public safety, calculate savings from reductions in youthful offender commitments and DYS residential populations and allow for the support and expansion of proven effective community based alternatives to secure

In 2019, Act 189 transformed Arkansas' juvenile justice system through establishing the utilization of validated risk assessment tools, creating a plan for diversion options to maximize the benefits for juvenile offenders, and developing a plan for the reinvestment of funds into community-based services.

In 2019, Act 910 moved The Civilian Student Training Program (CSTP) from the Department of the Military to the Division of Youth Services.

In SFY 2021, the Division of Youth Services contracted with Community Based Providers (CBP) for the following services: Targeted Casework Management, Therapy, Diagnosis and Evaluation, Intensive Casework Management, Interstate Compact, Emergency Shelter and Residential Treatment. In addition, the Community Based Providers provided sanction services that included Community Service Supervision, Intensive Supervision and Tracking, Compliance Monitoring, Drug Screening, Day Services Level I, Day Services Level II, and Crisis Residential Treatment. Funding for community based services was allocated to each judicial district, with one contractor servicing each district. The providers in each district conducted a needs survey in order to provide the services most beneficial to the youth in their individual areas. Aftercare services were provided in accordance with ACT 1222, with quarterly reports submitted to the Legislative Committee on Children and Youth.

The Division also contracts for Specialized Services including: Therapeutic Group Home Services, Comprehensive Residential Treatment Services in Psychiatric facilities, Sex Offender Treatment Services, Socialization/Recreation Services, Therapeutic Foster Care, Diagnosis and Evaluation and Therapy. The Residential Facilities have a total of 325 bed contracted with DYS.

The Residential Facilities had direct expenses in the amount of \$25,065,363.27. The Community Based Programs and Service Providers had direct expenses in the amount of \$19,825,944.38. The Specialized Services Programs had direct expenses in the amount of \$623,524.99. Operational expenses were in the amount of \$9,650,463.36 with additional construction expenses of \$711,938.03. Total expenditures was \$ 55,877,234.03

COMMUNITY-BASED YOUTH SERVICES PROGRAMS

The Community-based program network consists of 13 privately-operated non-profit organizations for SFY 2021. The division contracts with these programs to provide residential and non-residential services to youth up to the age of 21 who are adjudicated delinquents, members of "families in need of service", or youth at risk (youth who exhibit behavior that, if continued, would bring them into contact with the juvenile justice system).

INTERSTATE COMPACT ON JUVENILES

The Interstate Compact on Juveniles (ICJ) was designed primarily for cases involving out-of-state runaways, escapees and absconders, and for the supervision of juveniles who have been adjudicated delinquent. It provides legal procedures for the return of runaways and makes it possible to place a juvenile on probation or parole in a state other than the one where the offense was committed with the assurance of supervision by the appropriate agencies of the state in which he/she is placed.

Requests for Home Evaluation/Supervision Sent by Arkansas to Other States		56

Adult Protective Services (DAABHS) protects and assists adults, age 18 and older, who are abused, neglected, or exploited, or any combination thereof, and who are endangered as a result of lack of capacity or impaired from mental or physical disease or defect as these terms are defined by Arkansas Statute.

Alternative Community Services (DDS) ACS Waiver is a Medicaid home- and community-based waiver that serves individuals of all ages with developmental disabilities, who, without these services, would have to live in an institution such as a nursing home or intermediate care facility for the intellectually disabled (ICF/ID).

Americorps, also known as the domestic Peace Corps, engages Americans of all ages in service opportunities each year. AmeriCorps members serve with local nonprofits and community agencies, where they have the opportunity to teach adults to read, make neighborhoods safer, teach over 80,000 people. Most of these AmeriCorps members serve with projects like Arkansas, AmeriCorps members have been able to serve Future Teacher Initiative, as well as many others. Members can also serve in AmeriCorps*VISTA (Volunteers in Service to America), AmeriCorps*NCCC (the National Civilian Community Corps), and in Senior Corps in locations across America. Arkansas has AmeriCorps

Arkansas Medicaid Enterprise (AME) Project Management Office (DMS) The Medicaid Management Information System (MMIS) Replacement Project, chartered by the Division, is to implement a new core MMIS, pharmacy point of sale, data warehouse, and decision support system that will modernize existing system functions and significantly enhance the goals of the MMIS, ensuring that eligible individuals receive the health care benefits that are medically necessary and that providers are reimbursed promptly and efficiently.

ARKids First (DCO & DMS) provides health insurance to children who otherwise might not get medical care. The program offers two coverage options. ARKids A offers low-income children a comprehensive benefits package. ARKids B provides limited coverage for slightly higher income families. ARKids B requires a small co-pay for most services.

Commodity Distribution Program (DCO) processes and distributes raw commodities donated by the U.S. Department of Agriculture to schools and other eligible recipient agencies in Arkansas.

Community Services Block Grant - CSBG (DCO) is a state-administered federal anti-poverty program which supports services designed to help low-income individuals and families become self-sufficient (i.e., employment assistance, housing, childcare, food, etc.). Services are provided by 16 Community Action Agencies which cover all 75 counties in the state.

Community Service Supervision (DYS) is a program that provides a site for community service work, supervision of the juvenile on the work site by program staff, and reports to the court regarding compliance with the established case plan.

Compliance Monitoring/Electronic Monitoring (DYS) is a program which monitors a juvenile's presence in a particular location in order to enable the juvenile to remain in the home or return to the home, thus preventing institutionalization or re-institutionalization. Services are provided in accordance with an established plan of service and include contact with the juvenile to determine compliance with the plan.

Crisis Residential Treatment (DYS) includes intervention and stabilization of a juvenile in an existing facility that provides a structured setting, close supervision, and necessary interventions to allow the juvenile to return home. Services in a hardware secure facility are limited to fourteen (14) days per sanction. This service may include, but is not limited to, education and room and board.

Day Services (DYS) provides educational and therapeutic services to juveniles who have been initially ordered such services by the court, as a part of a legally authorized Diversion Agreement, or as a sanction for non-compliance with a court order or an established Aftercare Plan. This service is designed to enhance a youth's behavior, academic performance, and interpersonal skills in a structured setting, either in a group or in a one-to-one basis, based on an individual case plan.

Developmental Day Treatment Clinic Services (DDTCS) (DDS) is a program for adults age 21 (age to 21 if the person has a diploma/ certificate of completion). Services are provided in a clinic setting on an out-patient basis. Services include evaluation, instruction in areas of selfhelp, socialization and communication to help the person to develop and retain skills related to their ability to live in the community. Options for speech, physical, and occupational therapy are available.

Diagnosis and Evaluation (DYS) is assessment of the nature and extent of a youth's physical, emotional, educational and behavioral problems and recommendations for treatment strategies to remedy the identified problems. The specific diagnostic services provided and level of sophistication of reports produced are based on the individual needs of the referring agency. Allowable components are educational evaluation, social assessment, psychological evaluation, psychiatric evaluation, and consultation with the referring agency. Evaluations may also include a medical evaluation, if the assessment indicates a physical association with the emotional and/or behavioral problem(s).

ARKANSAS DHS STATISTICAL REPORT GLOSSARY SFY2021

Drug Screenings (DYS) is the collection and analysis of urine samples to determine if a youth is using drugs. May only be provided as a subordinate part of a sanction service for adjudicated delinquents or youth on aftercare status. This service may also be provided as Non-Sanction Drug Screening as a subordinate part of another service as a diversion from juvenile court or as court ordered for adjudicated Family In Need of Services (FINS). The Sanction Services are limited to the length of time a sanction is imposed. The Non-Sanction Services are limited to a period not to exceed six (6) months per each court order.

Emergency Shelter (DYS) are services, including room and board, for youth whose circumstances or behavioral problems necessitate immediate removal from their homes or for youth released from a youth services facility who need temporary placement in the community until long term residential arrangements can be made. The purposes of Emergency Shelters are (1) to provide shelter for a period necessary to make more permanent arrangements or (2) to provide a short-term alternative to secure detention. The extent and depth of the services provided to a youth in the Emergency Shelter program will depend upon the individual needs of the youth and the referral source. Emergency shelter is limited to a maximum of sixty (60) days in any six month period. An order from Juvenile Court may supersede the stated time constraints.

Emergency Solutions Grant Program (DCO) assists local communities to improve the quality of life for the homeless by: (1) Providing grants for minor renovations, rehabilitation or conversion of buildings for the homeless, (2) Providing funds for payments of certain operating and maintenance expenses, (3) Providing funds for essential social services expenses, and (4) Providing funds to be used for homeless prevention efforts. It also assists with rapid re-housing, homelessness prevention and street outreach efforts to assist the homeless.

Health Care Independence Program (DCO & DMS) provides Medicaid funding in the form of premium assistance to enable adults aged 19-64 to enroll in private health insurance plans offered through insureark.org.

Hyperalimentation (DMS) is the administration of nutrients by intravenous feeding especially to patients who cannot ingest food through the alimentary tract (the tubular passage that begins from mouth and functions in digestion and absorption of food and elimination of residual waste.)

IndependentChoices (DAABHS) is a consumer-directed Medicaid waiver for Medicaid eligible persons age 18 and above who have a medical need for personal care service. This consumer directed service gives clients a monthly cash allowance in place of traditional personal care. Eligible persons are able to choose, supervise and pay their own personal care aide and use some of the allowance to purchase goods and services related to personal care needs.

Intensive Casework Management (DYS) are services specifically designed for youth committed to a youth services facility operated by the Division of Youth Services. This should provide a community evaluation that includes recommendations for release plans, services to families of committed youth, advocacy on behalf of the youth, supervision, transportation, and follow-up. It may also include visiting youth at the Youth Services Center(s), under certain circumstances.

Intensive Casework Management For Serious Offenders (DYS) are services specifically designed for youth committed to the Division of Youth Services who have completed the residential phase of a serious offender program and who have been transferred back to the community. Services include, but are not limited to, recommendations for release plans, services to families of committed youth, advocacy on behalf of the youth, supervision, transportation, and follow-up.

Intensive Supervision and Tracking (DYS) is to provide intensive supervision and tracking services to juveniles who have been initially ordered this service by the court or as a part of a legally authorized Diversion Agreement. The service may also be used as a sanction for non-compliance with a court order or an established aftercare plan. The primary goal of this program is to support the youth in their homes primarily through individualized, consistently close supervision and monitoring. The service is available seven (7) days a week and may be performed at any hour of the day or night, depending on the situation.

The Interstate Compact Placement of Children (ICPC) Unit assist in moving children in need of foster care placement or adoption across state lines. When a child requires foster care or adoptive placement outside the resident state, DCFS shall use the ICPC process.

Interstate Compact on Juveniles (DYS) provides for the supervision of out-of-state delinquent juveniles, provides for the return of runaways, provides authorized agreements for the cooperative institutionalization of special types of juveniles, and provides for the return of absconders and escapees. Allowable components include initial evaluation, supervision, follow-up reports, and discharge.

Long-Term Care (DCO & DMS) individuals who are residents of nursing homes may qualify for Medicaid if the care in the facility is medically necessary and they meet income, resource and other criteria.

Low Income Home Energy Assistance Program (LIHEAP) (DCO) provides financial assistance to about 60,000 households each year to help them meet the costs of home energy i.e. gas, electricity, propane, etc. It also offers weatherization services and case management activities which are designed to encourage and enable households to reduce their energy costs and thereby, their need for financial assistance.

Medicaid (DAABHS & DMS) reimburses health care providers for covered medical services provided to eligible needy individuals in certain categories. Eligibility is determined based on income, resources, Arkansas residency, and other requirements.

Medicaid Eligible (DCO & DMS) is a person who has met the eligibility requirements to obtain Medicaid coverage.

ARKANSAS DHS STATISTICAL REPORT GLOSSARY SFY2021

Medicaid Recipient (DMS) is a person who uses their Medicaid card to receive Medicaid services.

Medically Needy (DCO & DMS) is intended to provide medical services for categorically related individuals or families whose income and/or resources exceed the limits for cash assistance but are insufficient to provide medical care.

Newborn Medicaid (DCO & DMS) provides 12 months continuous full coverage for those newborns up to age 1 whose mothers were Medicaid eligible at the time of the newborn's birth.

Parent/Caretaker Relative Medicaid (DCO & DMS) provides full Medicaid coverage to adults with minimal income based on AFDC rates who have related minor children living with them in the home.

Pregnant Women - Full Benefits (DCO & DMS) with minimal income based on AFDC rates may be eligible for full Medicaid coverage if they meet certain eligibility criteria. Coverage continues through the pregnancy and until the end of the month that the 60th day postpartum falls.

Pregnant Women - Limited Benefits (DCO & DMS) with income up to 209% of Federal Poverty Level may be eligible for limited coverage if they meet eligibility criteria, including prenatal, delivery, postpartum and conditions, which may complicate the pregnancy. Coverage continues through the pregnancy and until the end of the month that the 60th day postpartum falls.

Refugee Resettlement Program (DCO) assists newly arrived eligible refugees to assimilate into the American way of life, offering ongoing medical services and financial assistance for up to eight months.

Residential Treatment (DYS) is twenty-four hour treatment services available for up to one year for each individual (recommended average: four to six months), for youth whose emotional and/or behavioral problems, as diagnosed by a qualified professional, cannot be remedied in his or her own home. Room and board is limited to six months in a one-year period. An order from Juvenile Court may supersede the stated time constraints.

Restorative Justice (DYS) is the compensation to a crime victim by the offender. Restorative justice programs may take minor offenders as well as serious offenders. This service may also be offered as Non-Sanction Restorative Justice programs but would then be limited to non-adjudicated youth as a diversion from adjudication by juvenile court. This program consists of two types of programs:

- Cash: A program which assists the offender in obtaining employment and, in some cases, provides supervision to the juvenile to monitor the payment of restitution to the victim or the juvenile's employment to ensure compliance with the established plan of service.
- Restitution (Work for the Victim): A program that monitors a juvenile's work activities to compensate a
 victim. The service may include arrangement of scheduled activities, monitoring of work performed, and
 reports to the court or DYS regarding compliance with the established case plan. The program may
 mediate between the victim and the offender to determine the amount of restitution.

Special Nutrition Programs (DCCECE) provides reimbursement for well-balanced, nutritious meals served to individuals enrolled in the Child and Adult Care Food Program, National School Lunch Program, Special Milk Program, and the Summer Food Service Program.

Substance Abuse Services (DAABHS) The Division of Behavioral Health Services is the single state agency responsible for funding of alcohol and drug prevention and treatment services, providing court ordered treatment, licensing of alcohol and drug treatment programs, the State Methadone Authority, administering the Drug and Alcohol Safety Educational Programs and providing training to

Supplemental Nutrition Assistance Program (SNAP) (formerly the Food Stamp Program) (DCO) provides food assistance to eligible households to cover a portion of a household's food budget. In addition to food assistance, the program provides SNAP recipients with nutrition education, employment & training, and work experience in some cases.

Targeted Casework Management (DYS) are services that assist an individual or family in accessing needed medical, social, educational, and other services appropriate to the needs of the individual/family. Targeted case management services include client intake, assessment, periodic reassessment, case plan development and review, service referral, coordination and advocacy, monitoring of client service utilization, record keeping and documentation of service contacts and client progress, and transportation.

The Emergency Food Assistance Program (TEFAP) (DCO) makes surplus and purchased agricultural commodities available to low income households. The commodities are intended to supplement other foods and not serve as a household's sole or main food source.

Therapy (DYS) is a therapeutic relationship between the client and a qualified therapist for the purpose of accomplishing changes that are identified as goals in the case plan through the use of various counseling techniques. Services to specific individuals may include individual, group or family therapy, or consultation with the referral source as needed.

ARKANSAS DHS STATISTICAL REPORT GLOSSARY SFY2021

Transitional Employment Assistance (TEA) (DCO & DMS) program is a time-limited assistance program to help needy families with children become more responsible for their own support and less dependent on public assistance. In addition to monthly cash assistance, employmentrelated services are provided to parents, including job-readiness activities, transportation assistance, childcare assistance, and other supportive services so that the parent can engage in work or education and training activities.

U-18 (DCO & DMS) is a Medical Assistance Only category intended to provide services to needy individuals under 18 years of age who meet the TEA income and resource requirements.

Unborn Child (Pregnant Women) (DCO & DMS) provides limited coverage to the non-citizen pregnant woman whose child will be born in the U.S. Coverage continues through the pregnancy and until the end of the month that the 60th day postpartum falls.

Vocational Rehabilitation (DSB) objective is to ensure that qualified blind and visually impaired persons work in appropriate careers and become as personally and economically independent as possible.

Work Pays (DCO) is an incentive program designed to encourage working TEA clients to remain employed after closure of the TEA case while increasing their hours of work and/or hourly wage. Families participating in Arkansas Work Pays will receive a monthly cash assistance payment in the amount of \$204 for up to 24 months, provided they meet the Work Pays eligibility requirements. This program was implemented in July 2006.
