To Whom It May Concern:

This letter shall serve as a letter of reference for Cynthia Cagle for contract provider completing home studies for the Department of Human Services/ Division of Children and Family Services.

I have known Ms. Cagle in a professional capacity for approximately 8 years. I first met her when she was providing therapy services to children through the Child Safety Center in Fort Smith and then as the contract provider for home studies. She also provided supervision for me to obtain my LCSW licensure. Ms. Cagle is compassionate, supportive, and knowledgeable. She has proven to be a great mentor and role model for exceptional social work.

Ms. Cagle has always been professional, organized, reliable, hard-working and timely in completing her work. Ms. Cagle is SAFE trained. She completes home studies herself and she provides oversight for those completing the home studies that do not have an LCSW. Ms. Cagle works hard to meet and exceed deadlines for completing home studies so children can have permanency as quickly as possible.

I would highly recommend Ms. Cagle to continue to have the home study contract for Northwest Arkansas.

If you have additional questions, please feel free to contact me at (870) 577-0672.

Sincerely,

Lisa Velo

To whom it may concern:

I am writing this letter to highly recommend Cynthia S. Cagle for the position of doing home studies for the Department of Human Services.

I have know Cynthia for almost 10 years. We became friends through doing volunteer home studies for The CALL. We both attended the S.A.F.E. training in Little Rock so we could learn how to do S.A.F.E. home study reports. Cynthia also went to additional training so that she could be a supervisor to those social workers who did home studies. During those earlier years she supervised not only me, but was willing to supervise 3 other volunteer social workers.

Cynthia is one of the most positive and upbeat persons I know. She is enthusiastic and helpful and willing to mentor others, including me. She is very knowledgeable and her vast amount of experience has helped me improve my social work skills. She counsels with wisdom, care, and compassion. As a social worker, she has to attend workshops and seminars to stay current on new ideas and treatments, and she also is called upon to lead workshops because of her experience.

Cynthia is very professional and honors confidentiality and performs her role as a social worker in an ethical manner. She is dependable, reliable, hard-working, and very helpful.

I have been impressed with her dedication to providing quality social work services to children and families wherever she has worked, such as, in the Ft. Smith Public Schools, Hamilton House child safety offices, and former Vista Health Inpatient services. She is willing to adjust her schedule to accommodate children and families and their needs and availability.

Cynthia demonstrates a giving and generous nature. She has volunteered her time and talents within our community that promote services to children.

I feel these attributes demonstrate a person with excellent character. Cynthia will be a valuable asset to your department.

Sincerely, Cynthia M. Hink, LSW

Re: Cindy Cagle

TO WHOM IT MAY CONCERN:

Cindy Cagle has been a colleague of mine for approximately ten years. We are both employed by the Fort Smith Public School District in the school based mental health program. I was aware of Cindy before her employment with the school district through my community contacts. She is knowledgeable in the mental health field and seeks to keep abreast of current research. I have known Cindy to be responsible and conscientious in meeting her professional obligations.

I can recommend Cindy Cagle without reservation for conducting home studies.

E.1 E

I will be retiring from the Ft. Smith School System in June 2020. I will be available full time to complete the home studies at that time. Until then, I plan to make phone calls as needed. I will schedule in person meetings with families to complete the required informational gathering in the evenings or weekends as they are available. I am a widow and my children are grown so I have all my time available for the home studies. I plan to use the same system that I have been using. It has been effective for the last 8 years.

E.1 F

I have received a commitment from Elizabeth Gately-Kaylor, LCSW to be the second signature on my home studies. She has completed the SAFE training as well as the SAFE Supervisor training. I will be the only one completing the home studies as there are usually only 6-10 home studies a month, but I need another signature other than my own on the completed home studies. If there is a need to have someone else complete an occasional home study, it will be Elizabeth.

E.2 A

I make the first phone call to introduce myself as a contract LCSW referred by DCFS to complete the home study. I drop off/or mail a packet of information for the participant to fill out and answer questions. I will either email/or call the worker to get info I have not received yet from DCFS if needed (IHC, QI, three SAFE references). During the future visits(at least two) to the home I will talk with all participants' adults and children to gather information pertinent to the home study. I can call back or revisit the participants while typing up the home study if I need any more information. There are times that I will communicate with the worker to get more information if I am concerned with any information I have gained to clarify issues.

E.2 B

I have been a Licensed Mental Health Therapist since 2004. As well, I worked with DCFS for two years and have been in contact with DCFS for many years now through my many different employments. I feel this gives me an advantage to access and gather information. I am very comfortable with face to face interviews and asking questions to gather information. I like to put the participant at ease by attentive listening and responding back to clarify what they have said. I have not had any problem with the client giving information, even if they were initially closed to giving personal information. Once they interact with me, and begin the interview, I can put them at ease.

E.2 C

I have been to the SAFE Training in Little Rock as well as the SAFE Supervisor Training. The time frame of contacting within 24 hours of receiving the encumbrance and 45 days to complete the home study is met through my filing system described in E.3. All SAFE home studies are executed in compliance with the Structured Analysis Family Evaluation model at all times. I strive to have my first appointment with the family within five days according to the family availability. I am available nights and weekends to complete the home study. I utilize DCFS forms for information as well as some of my own forms. I also strive to have the complete home study typed up and ready for submission by the 30th day. This will leave 15 days to do updates if the DCFS supervisor requests them.

E.3A

I have a filing system and record keeping system that marks the date the home study request was received, the date of initial contact, date of the home visit, initiating county, resident county, date of completion and who my DCFS contact person is for each home study.

This includes the info of first contact within 24hours of receiving the encumbrance, at least two visits, and 45 day completion date.

The above information tracking system will keep me on track with 100% compliance of each home study.

I also have a section with the listing of appropriate DCFS personnel to contact with any questions or information needed to pass along. I will meet with DHS and respond to requests by DHS, and interact and coordinate with other involved parties as needed/requested by DHS.

E.3 B

I have two vehicles for my use. In town I can use my 2014 Chrysler 300 and out of town I use my 2017 GMC 3500 4 wheel drive, depending on the nature of the roads traveled. Both vehicles have full insurance coverage.

E.4 A

I am already trained in SAFE procedures and the SAFE Supervisor Training as well. I am open to additional training as well. I would like to the next training to update my skills as well. The copies of the training are attached in this procurement.

E.4 B

I will submit a monthly report to DCFS by the tenth working day of the month for the preceding month that includes names of referral received by date, SAFE home studies on families completed by date, updates, and any court testimony. There is a section to provide justification for any home studies submitted past the forty-fifth day. I will use the CHRIS Financial Module for invoices, along with the certification of compliance, and original signed invoices.

E.4 C

Serenity Counseling, LLC policy on confidentiality and retention of records comply with DCFS Police Standards as well as my LCSW licensure Ethics. All records are kept in a locking file cabinet. Records are kept for at least five years before destroying them. The computer used for typing the SAFE home study is used specifically for home studies with a confidential password.
