

**ARKANSAS DEPARTMENT OF HUMAN SERVICES**  
**PERFORMANCE BASED CONTRACTING**  
**710-25-049**  
**Non-Emergency Medical Transportation Services**

Pursuant to Ark. Code Ann. § 19-11-267 et. seq., the selected contractor shall comply with performance-based standards. Following are the performance-based standards that will be a part of the contract and with which the contractor must comply for acceptable performance to occur under the contract.

- I. The contractor must comply with all statutes, regulations, codes, ordinances, and licensure or certification requirements applicable to the contractor or to the contractor's agents and employees and to the subject matter of the contract. Contractor's failure to comply shall be deemed insufficient and unacceptable performance.
- II. During the term of the contract, the State will complete sufficient performance evaluation(s) to determine if the contractor's performance is acceptable. The State's determination of "Acceptable Performance" as defined herein shall be final and controlling. In the event a Performance Standard is not met, contractor will have the opportunity to defend, respond to, or cure the insufficient to the satisfaction of the State.
- III. Failure to meet the minimum Performance Standards as specified may result in the assessment of damages as set forth below. At the State's sole discretion, the State may waive damages if it determines there were extenuating factors beyond the contractor's control that hindered the performance of services if it is the best interest of the State. Contractor shall follow the State's instruction regarding payment of any compensation due to the State for the assessment of damages. The damages set forth below are not exclusive and shall in no way exclude or limit any remedies available at law or in equity.
- IV. The State **shall** have the right to modify, add, or delete Performance Standards throughout the term of the contract, should the State determine it is in its best interest to do so. Any changes or additions to performance standards will be made in good faith following acceptable industry standards and may include the input of the contractor so as to establish standards that are reasonably achievable.
- V. The contract program deliverables and performance indicators to be performed by the contractor are:
