If the remainder of the Agreement is capable of performance, it will not be affected by such declaration or finding and will be fully performed.
- C. Should any part of the scope of work under any resulting contract relate to a state program that is no longer authorized by law (e.g., which has been vacated by a court of law, or for which CMS has withdrawn federal authority, or which is the subject of a legislative repeal), the Broker **must** do no work on that part after the effective date of the loss of program authority.
