Re: Request for Proposals for Quality Care and Education Outreach Promotion Campaign (Solicitation No. 710-23-0007)

Attached are internally prepared, unaudited financial statements for Emergent Method, LLC from the twelve months ending December 31, 2022. Our revenues and workforce have steadily increased each year we have been in business. We generate ample operating cash flow and have a significant amount of reserves on hand, supported by a line of credit in the event additional capital is needed.

Emergent Method does not have any debt and therefore does not have its financial statements audited. Our CPA firm compiles our annual financial statements, provides any recommended adjustments, and files our tax returns.

Enclosed are letters from our bank and CPA firm to further demonstrate our sufficient, demonstrated financial capacity to carry out the project.

Should further financial information be required, please contact me at (225) 372-5102 or nick@emergentmethod.com.

Sincerely,

Nick Speyrer

Please accept this correspondence as evidence that **Emergent Method, LLC**, located at 200 Laurel Street, Suite 200, in Baton Rouge, LA, is in good financial standing with the bank, is considered an excellent client with adequate financial resources to operate its business, and demonstrates high integrity and ethical behavior. The relationship includes depository, treasury, and working capital requirements with the ability to access capital as needed.

Emergent Method has demonstrated financial stability and strength during their time as our client. They currently have no debt and have access to a line of credit in the event that working capital would be needed. Due to their strong financial position and ability to generate operating cash flow, they have never had to access that line of credit, but it would be available for them should they need it.
